

*Seminars are Wednesdays, 12:00pm in Allwine Hall 301, except where noted.
For more information, contact Dr. Tatyana Livshultz*

January 30	Dr. Jim Rogers, Department of Mathematics, UNO	<i>Cellular Information Processing and the Fundamental Essence of Life</i>
February 6	Dr. Tatyana Livshultz, Department of Biology, UNO	<i>Floral Evolution in Apocynaceae: Evidence from the Nucleus</i>
February 20	Dr. Keith Geluso, University of Nebraska at Kearney	<i>Natural History of Nebraskan Mammals: Engaging Undergraduates in Field Research</i>
Friday February 22	Dr. Stephanie Bose, Department of Biology, UNO	<i>Analysis of Cytadherence Protein HMW2 and the Electron-Dense Core of Mycoplasma pneumoniae</i>
February 27	No Seminar	<i>Faculty/Graduate Student Confab</i>
March 5	Dr. Karen Deffenbacher, UNMC	<i>TBA</i>
March 12	Dr. Greg Somerville, Department of Veterinary and Biomedical Sciences, UNL	<i>Tricarboxylic acid cycle mediated signal transduction in staphylococci</i>
March 26	Dr. Rolf Koford, Iowa State University	<i>TBA</i>
April 2	Dr. Gwen Bachman, University of Nebraska Lincoln	<i>TBA</i>
Friday April 4	Dr. Andy Zhong, Department of Chemistry, UNO	<i>Binding Mode Studies of Protein Kinase Inhibitors</i>
April 9	Dr. Kristen Jensen, University of Kansas	<i>TBA</i>
Friday April 11	Dr. Lena Hileman, University of Kansas	<i>Evolution of Petal and Stamen Developmental Patterning: From Poppies to Snapdragons</i>
April 16	Rob Harms, Master's candidate, Biology, UNO	<i>TBA</i>
Friday April 18	Angel Pletka, Master's candidate, Biology, UNO	<i>TBA</i>
April 23	Lindsey Reinartz, Master's candidate, Biology, UNO	<i>TBA</i>
Friday April 25	Dr. Robert Wallace, Iowa State University	<i>The Botany of Beer</i>
April 30	Shawn Erickson, Master's candidate, Biology, UNO	<i>Species Composition and Diversity in a Loess Hill Prairie Restoration</i>
Friday May 2	Jeff Kitrell, Master's candidate, Biology, UNO	<i>TBA</i>
