

Medical Emergencies (Life threatening or serious injuries)

- a. Contact Campus Security and provide them with the medical condition of the victim.
- b. Return to the victim and make them as comfortable as possible. (Do not move a seriously injured person unless it is a life-saving situation.)
- c. If possible, have someone meet Campus Security or Emergency Medical personnel at the building entrance.

(Campus Security will contact Omaha Fire and Rescue for assistance and dispatch Security Officers to the scene to provide first aid and direct the Omaha Fire and Rescue Team to the scene. If required, Omaha Fire and Rescue will transport the victim to the nearest emergency medical facility.)
