Since its establishment in 1936, the Foundation's mission has been to encourage and raise private financial support for the University from individuals, corporations and other foundations and to appropriately invest and distribute the funds raised or the endowment income for the benefit of the University.

A private Nebraska nonprofit corporation, the Foundation works for the benefit of the University and works closely with leaders from each of its four campuses including UNO.

Individuals or groups interested in supporting education or related activities can directly support UNO through a variety of methods including outright and planned gifts. For more information, please contact the Foundation's Omaha office to speak with a member of our staff.

2. If time does not permit, get into the safest area, generally the inside wall away from doors and windows of your classroom or office.

3. Avoid windows, auditoriums, gymnasiums or other structures with free-span roofs and boiler or electrical switch-gear areas.

4. Take shelter underneath your desk or any heavy furniture.

5. Assume a curled position protecting your head and eyes.

6. All persons should remain in the shelter areas until advised the warning has ended.
CLOSING

The decision to close the university because of adverse weather conditions will be made by the UNO Chancellor or his designee. Should an inclement weather situation arise during the workday, this decision will be made in consultation with a Weather Emergency Committee established by the Chancellor. This committee shall have representatives from University Communications, Facilities Management and Planning, the Academic and Student Affairs Vice Chancellor’s Office, Student Services/Registrar’s Office, Human Resources and others as input is required.

The Office of University Communications will maintain a current list of news media outlets for public announcement as well as maintain a recorded message on (402) 554-CALL (2255). A sms text message announcing the state of closing will be issued immediately after a decision is made.

Weather information also will be listed on UNO’s Web site:
http://emergency.unomaha.edu/weather/.

The decision and announcement could be one of the following alternatives:

1. “All classes and offices at UNO will be closed, and only previously designated personnel are to report to work.” It is the responsibility of various department heads to determine who the essential personnel are and, if possible, they should report to work. The number of essential personnel necessary may depend on whether the bad weather occurs during a student vacation period or during the semester. Departments that normally need to have essential personnel on duty are Public Safety, Facilities Management and KVNO Radio/KYNE-TV. Other departments who identify personnel as essential should contact the Director of Human Resources for review. For your convenience, KVNO Radio 90.7 FM will announce UNO closing information at 6:15 a.m.

2. “All classes at UNO will be closed, however, other business will be conducted as usual. Staff personnel should report for duty.”

3. “All morning classes at UNO have been cancelled, and only previously designated personnel should report to work.” A decision regarding afternoon and evening classes will be made by 10:00 a.m., and released to the media. Students, faculty and staff should take responsibility for listening to local broadcast news media for that update.

4. “UNO will close classes and dismiss staff at (specified time). Previously designated personnel shall remain on duty or report to work as scheduled.”

5. “UNO will be open and all activities will be conducted as usual.”

Note: As a matter of policy, some of the Omaha news media will not air school openings. Each alternative includes a statement concerning off-campus and evening classes defined as those classes beginning at or after 4 p.m., either including the university evening and off-campus classes or with the exception of the university evening and off-campus classes.

ALERT NOTIFICATION CAPABILITIES
UNO will use a variety of methods to disseminate information about emergence situations impacting the UNO campus. Alerts and instructions will be controlled by UNO Public Safety.

PUBLIC ADDRESS
Audio Announcement System - A dedicated audio announcement system exists in each building and in every student housing suite. In many locations, there is also a visual alert indication instructing hearing impaired to seek help. This system, because of its immediacy and proximity, will be utilized in many potential emergency situations.

PC ALERT
Personal Computer Scroll - Emergency and alert messages will be transmitted to all PCs on the UNO network. The alert message appears in a new window and will scroll across the screen until the emergency announcement is terminated by UNO Public Safety. It is a software application that resides on each device and installed by your information services support team.

SMS TEXT MESSAGING
UNO provides access to an off-site, mass notification system that will disseminate emergency message via the SMS Text message capabilities of commercial wireless carriers. For Employee, this is a voluntary, 'opt-in' capability that will require your individual action to subscribe. Signup at https://eas.unomaha.edu

NOTIFICATION HOTLINE
Voice Bulletin Board (402-554-2255) is used to announcement conditions affecting UNO.

WEB ANNOUNCEMENT
Maverick Daily and Maverick Weekly - In most situations, Maverick Daily and Maverick Weekly will be used to communicate emergency information to the campus community. An announcement scroll will appear on the UNO Home page.

EMAIL ALERT
Where the information is not time sensitive, a broadcast Email message will be sent to the official Email address of students, faculty and staff.

PUBLIC RADIO
Emergency reports may also be available through KVNO (90.7 FM), KFAB (1110 AM) or KKAR (1290AM) radio stations.

ACTIVE SHOOTER

The following guidelines are intended to reduce your personal risk in the unlikely event that an Active Shooter Incident should occur on campus.

If you are outside a building when an event occurs, you should take immediate cover, preferably inside a building, circumstances permitting.

If you are in a building when an event occurs you should:

Secure Immediate Area:
- Lock and barricade doors
- Do not stand by doors or windows
- Turn off lights
- Close blinds
- Block windows
- Turn off radios and computer monitors
- Keep occupants calm, quiet and out of sight
- Keep yourself out of sight and take adequate cover/protections (i.e., concrete walls, thick desks, filing cabinets -- cover may protect you from bullets).
- Silence cell phones

Un-Securing an Area:
- Consider Risk before un-securing rooms
- Remember, the shooter will not stop until they are engaged by an outside force
- Attempts to rescue people should only be attempted if it can be accomplished without further endangering the persons inside a secured area
- Consider the safety of masses-vs-the safety of a few
- If doubts exists for the safety of the individuals inside the room, the area should remain secured
- Know all alternate exits in your building

Contacting Authorities:
- Dial 4-2911 from any Campus phone
- Use emergency 911
- Be aware that the Campus Security will likely be extremely busy

What to Report:
- Your specific location-building name and office/room number
- Number of people at your specific location
- Injuries -- number injured, types of injuries
- Assailant(s) -- location, number of suspects, race/gender, clothing description, physical features, types of weapons (long gun or hand gun), backpack, shooters identity if known, separate explosions from gunfire and etc

Police Response:
- Objective is to engage assailant(s) immediately
- Evacuate victims
- Investigation
