IMMIGRATION FORMS AND PROCEDURES

Form I-94, Sevis, and Visas

U.S. Customs and Border Protection (CBP) will issue an electronic I-94. You will need to do the following upon entering the United States:

- Check your passport to make sure that the CBP officer has put an entry stamp indicating that you entered on a certain date, in a certain visa status (example: F-1), and can stay until a certain date or D/S (duration of status) in the case of F and J visa holders.
- Print out your I-94 form. You will need it for other purposes.

I-94 FORM

Customs

Before landing, you will fill out a customs declaration. Remember the following:

- Certain items such as fruit, vegetables, drugs, and firearms are not allowed in the United States without special permission.
- Report the value of the items you are carrying into the United States.
- Ask the flight attendant if you have questions.
- We encourage students to research what items can be brought into the U.S.

After landing, be ready to present your passport, visa, and Form I-20 or DS-2019 to the immigration officer. They may ask for evidence of financial support, like a copy of your bank statement, and will ask questions about your plans in the United States. You will then go to a checkpoint where your bags may be inspected by a customs official.

IMPORTANT

Be sure to give your correct name (as it appears on the visa page of your passport) to the airlines when purchasing plane tickets.

Expenses to Get You Started in Omaha

It is very important that you consider a financial plan for your immediate needs upon arrival in the United States. Prepare for the following expenses:

- ILUNO students should be prepared to pay tuition, fees, and health insurance during the first week of classes
- Travel emergencies
- Housing expenses and supplies
- Meals

Carrying Cash

Carrying large amounts of cash is strongly discouraged. For most students and scholars, \$300 to \$400 in U.S. currency is enough to get settled in Omaha. With this amount, you should easily be able to pay for a night in a hotel, purchase meals, and immediate housing items like bedding and bathroom supplies. Whenever possible, pay other large expenses like housing deposits and/or first month of rent with credit or debit cards.

Credit and Debit Cards

Credit and debit cards are the safest and most convenient way to spend money in the United States. Credit and debit cards are accepted almost everywhere. Students will have the opportunity to open a U.S. bank account during new student orientation.

If you plan to use a credit card for expenses while in the United States:

- Prior to departure, confirm with your bank that your card(s) will work in the U.S.
- Make sure your account balance is high enough to cover all expenses

PAYING YOUR BILL

You can pay your student balance either in person on UNO's campus or online via MavLINK using any of the methods outlined below. For more detailed information, visit the UNO Cashiering and Student Accounts website.

Proof of MMR (Measles, Mumps, Rubella)

Proof of two immunizations is required to ensure your health and safety while at UNO. Measles is a serious but preventable disease. To prevent measles outbreaks, UNO requires all new students and scholars to show proof of immunization or immunity. Measles immunizations may be listed on your immunization record as MMR, M/R or Measles.

If you prefer to provide a positive measles titer, a record of the lab result must be provided. Immunization records can be obtained from your health care provider. They may also be available from your high school or colleges or universities you have attended. Public health department and military records are also accepted.

- Records must include month, day, and year.
- Please attach a copy of your records to the form.
- Please do not send originals.
- If you need the MMR vaccine or blood titer test upon your arrival, you must visit Nebraska Medicine-UNO Health Center in 102 Health and Kinesiology (H&K) on UNO's Dodge Campus. Appointments are needed and the cost is included in UNO's student health insurance.

Tuberculosis Screening

All international students, scholars, and ILUNO students must have a tuberculosis screening upon arrival at UNO. This is done during orientation. If you arrive earlier or later than in-person orientation, you may make an appointment with the UNO Health Center Monday, Tuesday, or Wednesday to get the test. Chest X-rays will be required for people who test positive. The cost is included in UNO's student health insurance.

Meningococcal Meningitis Disease

Nebraska State Law requires students and scholars living on-campus read this information on Meningococcal Meningitis Disease and Immunization (Menactra/MCV4 or Menomune/MPSV4). Parents of students younger than 19 are also required to read this information. UNO encourages all students and scholars to consider getting this vaccination and to become knowledgeable about meningitis and its symptoms. The vaccine is available at the UNO Health Center.

Meningococcal Meningitis Disease is a severe bacterial infection of the bloodstream and meninges (a thick lining covering the brain and spinal cord). It is a relatively rare disease and usually occurs as an isolated event. Clusters of cases or outbreaks are possible. The meningococcus germ is spread by direct close contact with nose or throat discharges of infected people. College students who live on campus have a slightly higher risk of getting this infection than others their age.

Students and scholars who do not want the vaccine must first read the information on the website. Signing the immunization waiver indicates that you understand the possible risk of not receiving this vaccine. If you are under 19, a parent must sign the waiver for you.
