If your presentation is accepted you will be asked to send any electronic presentation materials to vhighstreet1@unl.edu by November 6. We will be loading these presentations on the equipment at the Conference Center, therefore any changes you make between November 6 and the time of your presentation will need to be brought on a flash drive.

If you are doing an activity session you will be asked to document the activities and submit them by November 6. They will be scanned and added to the handout CD.

We will be putting all presentations on a CD for all participants, therefore any changes made to your presentation once it has been submitted will not be current on the participant CD that is distributed.
