Note. This checklist reflects the degree requirements in the Undergraduate Catalog and is intended as an aid to—but not a substitute for—reading the catalog. Complete requirements, course descriptions, and prerequisites are listed in the catalog. A grade of C- or better is necessary in courses required for the major in Psychology. You may elect to take one of the required non-PSYC courses CR/NC. Two years of a foreign language is required for both the B.A. and the B.S. degrees. For the B.S. degree, the six hours of second-year foreign language courses may count toward the College’s Humanities Distribution Requirement.
