

Senior Actuarial Assistant/Actuarial Associate/Managing Actuary (Group Benefit Services)-016071

Job Description

Founded in 1909, Mutual of Omaha is a solid, family-oriented company that's reliable, trustworthy, knowledgeable and caring. We are a full-service, multi-line provider of insurance and financial services products for individuals, businesses and groups throughout the United States. We are committed to providing outstanding service to our policyholders. Our commitment to customer service is the cornerstone of our vision and values.

We are seeking a talented individual who will initiate, execute and direct product pricing, development, monitoring and management activities on Group Insurance product lines to meet or exceed corporate profit and growth initiatives.

Accountabilities:

- Research and monitor the effectiveness of core pricing and related underwriting support.
- Monitor, contribute to, and efficiently/effectively implement results from industry research on key core product pricing and modeling assumptions.
- Function as primary actuarial representation on product development project teams. This involves decomposition of opportunities to identify operational impact or obstacles, identification and modeling of critical cost/benefit drivers, rate development, risk mitigation and implementation oversight.
- Serve as actuarial project leader responsible for project design, organization, coordination, execution and evaluation of results.
- Support corporate risk management functions in identifying, quantifying, controlling and/or leveraging product-specific risk exposures.
- Oversee the development of the annual financial projections. Enhance and utilize advanced monitoring tools to assist in the reconciliation of actual results to the projection.

Qualifications

Qualifications:

- Seasoned familiarity with advanced actuarial practices, with group insurance products and operations, with development and review of financial reports, and with applications common to statistical analysis and/or modeling
- Strong oral and written communication and human relations skills
- Completion of at least 2 Society of Actuaries exams.

Preferred Qualifications:

- Attainment of ASA/FSA credentials preferred.

Mutual of Omaha is an Equal Opportunity Employer
