

Tutor.com is now recruiting online tutors for the 2009/2010 academic year. We are in need of Math and Science tutors to help millions of students throughout the country. This summer, we will officially launch Statistics as a new subject we offer online tutoring services in. We would greatly appreciate your help in spreading the word and informing your students and staff of this great part-time job opportunity. In these economic times, the ability to make extra income and provide academic assistance to those in need at the same time is something to be considered. Attached is a flyer that you are more than welcome to post or forward on to your department list serve.

Tutor.com: The world's leader in online tutoring and homework help.

We are currently seeking:

- Math Tutors (Algebra, Geometry, Trigonometry, Calculus, Statistics)
- Science Tutors (Elementary Science, Earth Science, Biology, Chemistry, Physics)
- Bilingual Tutors (English/Vietnamese or English and Spanish – Bilingual Tutors who are proficient in either Math or Science)
