UNIVERSITY OF NEBRASKA AT OMAHA

CONGRATULATIONS!

CLASS OF 2025

FROM CHANCELLOR LI

Graduates,

Today is more than a milestone, it is a moment that reflects everything you have worked for and everything still to come. Commencement is one of my favorite days of the year. Watching you cross the stage is always a highlight, not just for me, but for the entire UNO community. You made it – and we are so proud to be a part of your journey.

Earning a degree takes more than showing up. It takes grit, late nights, big ideas, and the courage to keep going. You have shown what is possible and that you are ready to lead in a fast-changing world.

As new alumni, you are joining a powerful network of thinkers, creators, change makers, and leaders. From classroom teachers to pilots, and researchers to innovators, Mavericks make an impact everywhere.

Your degree is a launchpad. Whether you are considering graduate school, microcredentials, or exploring a new field, UNO is here for you. Being a lifelong learner isn't just a mindset, it is a Maverick trait.

This isn't the end of your UNO journey; it's a new chapter. Wherever life takes you, this community will always be with you because once you are a Maverick, you are always a Maverick.

Congratulations, class of 2025!

Best wishes,

These degrees are awarded to transfer students who have not completed the required 60 semester hours of credit within the University of Nebraska system required for cum laude, magna cum laude, or summa cum laude honors.

UNIVERSITY HONORS PROGRAM

The University Honors Program is a Universitywide program providing maximum educational opportunities for students of high ability through specially designed multidisciplinary seminars and participation in an academic level not generally possible in usual curricular offerings.

Honors at UNO began in the College of Arts and Sciences and became Universitywide in 1978. It is governed through the office of the Senior Vice Chancellor for Academic Affairs and administered through the Honors Director. All UNO colleges implement the University Honors Program curriculum.

As part of their Honors Program requirements, students undertake a project that results in a Senior Honors Thesis or Capstone or Practicum. Students who have been designated in this booklet as Honors Program students have fulfilled the academic requirements of this program. Honors Program graduates wear red stoles.

DEGREES WITH DISTINCTION

In recognition of outstanding academic excellence, the UNL College of Engineering recommends bachelor's degrees with Distinction, High Distinction, and Highest Distinction.

- Candidates for the bachelor's degree who have successfully completed the program to which they were admitted and achieved a 3.97 cumulative GPA and above and a recommendation from the department will receive a degree with Highest Distinction.

HISTORIES

HISTORY OF THE HOOD AND ROBE

Identification of the hood and robe as academic apparel is believed to have originated at the English universities of Oxford and Cambridge during the 12th and 13th centuries. The hoods are a carry-over from a time when monks, who operated these universities, wore them to protect their shaved heads in winter. The robes are an adaptation of the shoulder capes also worn by the monks while collecting alms.

Use of the academic robe came to the United States in 1754, with the founding of what is now Columbia University. In 1895, a commission of university officials adopted a universal code of design and color for the academic garb. The code has undergone several revisions over the years.

Styling of the robes varies for the bachelor's, master's, and doctoral degrees, with the width of sleeve borders and length of the hood increasing with each advanced degree. Hoods are not normally used for bachelor's degrees today. Instead, tassel colors are used to indicate the degree program. All doctoral degree recipients are indicated by a gold tassel.

HISTORY OF THE MACE

University maces symbolize the authority and independence of a chartered university and the authority vested in the chancellor. They are typically carried in at the beginning of a convocation ceremony or commencement.

STUDENT SPEAKER

Moolaweh Soe

College of Arts and Sciences

Moolaweh Soe is a first-generation college student and immigrant who feels deeply honored to have attended UNO with the support of the Susan Thompson Buffett Scholarship and the Honors Program. Through these opportunities, she pursued a dual degree—a Bachelor of Science in molecular and biomedical biology and a Bachelor of Arts in English with a concentration in Creative Nonfiction—along with minors in medical humanities and chemistry.

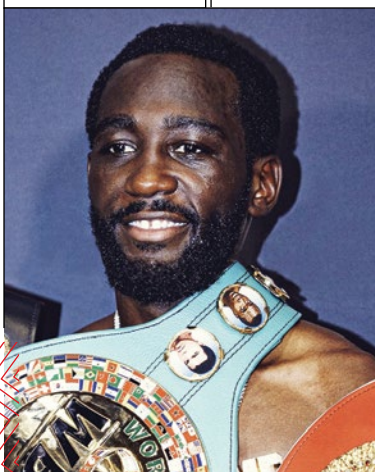

Immigrating to the U.S. at six and a half from Thailand's refugee camps, Soe is the oldest of four children and hopes to become both a physician and researcher dedicated to clinical care and global health. She aims to combine medicine, research, and storytelling to better understand and serve refugee and displaced communities—across languages, cultures, and borders.

Throughout her undergraduate years, she remained deeply involved in community work—serving as a program manager with

the Collaborative, interning at nonprofits, and leading student organizations, including the Karen Student Association, where she served as president, vice president, and peer mentor. She conducted basic science research on pancreatic cancer and is currently expanding her qualitative, community-based health research at the University of Nebraska Medical Center to explore healthcare challenges in immigrant communities.

Beyond academics, she explored her identity and experiences through lyrical essays, reflecting on the intersections of immigration and health. She deeply values the mentorship and community she found at UNO, which have shaped her path and strengthened her commitment to medicine. After graduation, she will serve as an English TA at UNO, continue her research with UNMC, and pursue an international fellowship focused on global health disparities before applying to medical school.

KEYNOTE SPEAKER

Terence "Bud" Crawford

*Undefeated world champion boxer
and Omaha community leader*

Terence "Bud" Crawford is a proud Omaha, Nebraska native widely regarded as one of the greatest pound-for-pound boxers of his generation. An undefeated four-division world champion, Crawford has made history as a two-time undisputed champion, first at junior welterweight and most recently at welterweight, becoming the first male boxer ever to earn two undisputed titles in the four-belt era.

Outside of the ring, Crawford is deeply committed to his Omaha roots. Crawford and his head trainer Brian McIntyre founded the B&B Sports Academy, a nonprofit that provides local youth with free boxing and fitness programs in the heart of north Omaha. STUDENT SPEAKER

Git Gatluak

College of Business Administration

Git Gatluak is from Omaha, Nebraska, and is a first-generation college student. He comes from a large family with nine siblings and is the son of immigrant parents who came to the United States from Sudan in search of a better life. He is currently earning a degree in business administration with a concentration in accounting. Throughout his years on campus, he has embraced the many opportunities UNO offers to grow both academically and personally.

One of the most impactful parts of his college experience has been working as a peer mentor at the Durango Advancement and Support Hub (DASH). In this role, he had the opportunity to meet and mentor incoming students, helping them adjust to college life and find their place at UNO. He loved connecting with new students, offering support, and sharing his own experiences to help guide them. Being a peer mentor at DASH quickly became his favorite part

of campus life, and it allowed him to develop strong leadership and communication skills while making a positive difference in others' lives.

During his time at UNO, Gatluak has also appreciated the university's welcoming environment, diverse community, and commitment to student success. He values the support he's received from faculty, staff, and fellow students, all of which have played a role in his academic success.

After graduation, he plans to become a pastor in the Salvation Army. He looks forward to combining his education with his passion for ministry to serve and uplift his community. He is thankful for his time at UNO and the experiences that have shaped his journey. Whether in the classroom or through mentoring, he has made the most of his time on campus and is excited to carry those lessons forward into the next chapter of his life.

THE IDEA OF A UNIVERSITY

A university is not bricks and mortar,
not solely bricks and mortar.

It is flesh and bone, dreams and
reality, promise and fulfillment.

Its totality is too broad for
canvas, too elusive for print.

It has moods and ages, like a person.
Its seasons are all growing seasons
and the harvests ever secure.

A university is, above all, an
experience. It exists in the hearts
and minds of those who draw from
its wisdom and add to its reputation.

A university is a place, yes,
but a place of the spirit.

It is described, forever after, by
its family, not as architecture,
but as personality and
precept and conversion.

A university is what its
alumni have become.

They are its voice to the world.

Some alumni achieve headlines,
bear titles, manage corporations,
represent constituents, build, create,
publicize, minister, protect, teach.

Some labor less conspicuously,
contributing from the depths of their
talents, fostering understanding,
transmitting appreciation.

They speak for us, our alumni.
And they speak well.

***The Late Robert T. Reilly,
UNO Professor Emeritus***

**ONCE A MAVERICK,
ALWAYS A MAVERICK.**
