

## NEBRASKA CAREER SCHOLARSHIP REQUIREMENTS

### Program

- Nebraska Career Scholarship awardees must enroll in and actively pursue courses required of their current approved programs of study. Students seeking to change their program of study to another Nebraska Career Scholarship approved program at UNO must secure approval from the Financial Support and Scholarships office prior to making any change. See the Financial Support and Scholarships website for approved programs. Changes must occur **prior to the start of the sophomore year.**

### GPA & Credit Hours

- Awardees must (a) enroll **full-time** each Fall and Spring semester, (b) maintain a minimum **2.50 cumulative GPA**, and (c) earn at least **30 UNO credit hours** each academic year. Renewal determinations are made at the end of each Spring semester. The 30 credit hours may include Summer hours given extenuating circumstances and with the approval from the Financial Support and Scholarships office.

### Experiential Learning

- Nebraska Career Scholarship recipients must complete a Nebraska-based internship, apprenticeship, clinical position, or major-related field of employment experience **prior to the completion of their third academic year, or prior to the start of their final academic year, whichever occurs first.** Questions about this requirement and the verification process through Handshake can be directed to Nicki Allen, Internship Coordinator at UNO's Academic and Career Development Center, at [nallen@unomaha.edu](mailto:nallen@unomaha.edu) or 402.554.3357.
