Meet the Director Marty Habrock

Prior to joining UNO on January 27, 2014, I spent 17 years in the financial aid office at the University of Nebraska-Lincoln. The transition to UNO has been a great experience. The culture of caring is evident as everyone has been very supportive and helpful. I have found that UNO has a committed and caring financial aid staff whose mission is to make higher education accessible by minimizing financial barriers for students so they may realize their education goals.

I am active in the state financial aid professional association, currently serving as Treasurer of the Nebraska Association of Financial Aid Administrators. In my spare time, I enjoy following my children around to sporting events, and currently coach my twin daughters’ 8th grade basketball team.

What advice would you give to help students be successful financially?

Congratulations! You have already taken the first step to success – making an investment in yourself by going to college. Now is also the perfect time to establish excellent money habits to ensure current and future financial success. Following these strategies will help you leave college with less debt and lay the foundation for successful money management.

✓ Create a spending plan to avoid overspending. Track your spending for a couple of weeks so you know where it is all going (you may be surprised!). Remember to live like a college student while you are in school.

✓ Know that student loans are available, but only borrow what you need (you will have to pay them back some day). Make sure you know the terms of your loans and how much you have borrowed.

✓ Avoid credit cards. Credit cards give you the opportunity to make impulse purchases, cost more if you only make minimum payments, and damage your credit if you fail to make payments.

✓ Save for emergencies. Even if you feel you do not have the means to save, get it the habit of saving some percentage of your income each month.

Have a great spring semester! Go Mavs!

• FAFSA Renewal
2015-2016 FAFSA is now available online at www.fafsa.gov. Submit your FAFSA by UNO’s priority filing date of April 1st to maximize the amount of aid you may receive. If you are selected for verification, documents are due by June 1st. Don’t forget to add UNO’s School Code 002554 to your FAFSA.

• Utilize the Data Retrieval Tool
The IRS Data Retrieval Tool allows applicants who have already filed their federal income tax returns to prefill the answers to some questions on the (FAFSA) by transferring data from their federal income tax returns. This can save time in completing the FAFSA. It may also reduce the likelihood that your FAFSA will be selected for verification.

• Need FAFSA Help?
Visit EducationQuest.org or call 402-391-4033 to speak with a counselor to set up an appointment for assistance with completing your FAFSA.

Important Deadlines

Mark your calendars:

Financial New Year’s Resolution

Budgeting to stay financially fit in 2015

• **Exercise** your right to check your credit report
  “I will check my credit report at annualcreditreport.com.”

• **Keep track** of what you spend each month
  “I think I will use a budgeting app to track my expenses.”

• **Trim** your budget by assessing your wants vs. needs
  “I vow to go out to eat once a week only.”

• **Strengthen** your savings account by setting a monthly saving goal
  “I will save $$ per month...”

• **Eliminate** excess waste from your budget by reducing your spending
  “I vow to drink more water and less Starbucks coffee this year.”

• **Avoid** unnecessary credit card usage
  “I will pay cash for this purchase this time around.”

• **Stick to it** experts say it typically takes 21 days for a new activity to become a habit and six months for it to become part of your personality
  “I am determined to stick to a budget in order to put myself in a better financial position in 2015.”

Stay committed to your decisions, but stay flexible in your approach.
