

FALL 2020-21 PARKING UPDATES

2020-2021 Academic Year Permits Restrictions Will Be Different: this academic year **ONLY**, Faculty/Staff, Student and Resident permits are valid in ANY faculty/staff or student surface lot or garage in “general use” spaces. Enforcement of these spaces will begin August 24.

Violation Waive Policy to Change: Parking Services will have a one-time eligible waiver each academic year for permit holders that can be applied to one violation of \$50 or less. Two other violation changes effective August 24, will be:

- A removal of the \$50 East Garage Violation; and
- A reduction of the Compact Violation to \$50 from \$100

Pay-To-Park Options: Lots A, C and M (7 spaces) are now available for all vehicles to use, including faculty/staff and students. The Park Omaha App must be used: UNO permits are not valid to park in these spaces. If you have a UNO Permit, you must still pay at these locations. Please note these areas have a 2-hour limit.

Perks from Parking: Parking Services is introducing “Perks from Parking”. This includes two ‘perks’ as a new way for our office to say “thanks” to the members of our campus who utilize our services throughout the year:

- Parking Services will hold a “permit giveaway” where two students, residents or GTAs will win a free annual permit, or, if a permit is already purchased, be reimbursed for the cost. To be eligible, the individual must complete and submit a parking quiz with 100% accuracy. Details will be announced closer to the start of classes.
- Each week, one customer who has purchased a daily permit from a garage kiosk will get their parking fee waived for the day and will be notified via UNO email. Selected individuals must not have any outstanding parking fines and must be in 100% financial good standing with UNO’s Cashiering/Student Accounts to qualify.

UNO Shuttle Routes for 2020-21: Shuttles will operate during the upcoming academic year. Routes that will be available are the Scott Resident (Orange) route, ADA-VIP route, and the Newman Center (Pink) route. Please note these routes will run with limited shuttles, therefore plan on enough time to get between campuses if not driving. Shuttles will follow safety guidelines and social distancing measures.

Alumni Center Lot Changes: The Thompson Alumni Center Lot X is now a Visitor Only Lot. No UNO permits will be valid in this lot at any time. The Alumni Center will issue the required permit needed when attending events there.

REMINDERS

Sustainability Reminders: Parking Services offers sustainable commute/parking options. These include free Metro bus rides, discounted carpool permits, electric vehicle charging stations, and the Emergency Ride Home Program.

Vehicle Per Permit Limit: Vehicle registration linked to your permit is limited to two vehicles **ONLY**. Please note that two (2) vehicles sharing one (1) permit, cannot be on campus at the same time (within the same hour) to avoid a \$100 violation.

Open Parking Reminder: Fridays boast open parking in general-use spaces in the garages **ONLY** on Dodge Campus, and the garage and faculty, staff, and student surface lots **ONLY** on Scott Campus. Tow list vehicles must not park until parking balance is \$0 on MavLink/MavPark.

Need More Information: Visit the Parking Services website or follow on Facebook or Twitter for parking updates. Questions? Contact Parking Services at 402.554.PARK (7275) or unoparking@unomaha.edu.
