Parking Regulations for the University of Nebraska at Omaha

PARKING SERVICES

The University of Nebraska at Omaha (UNO), through the Board of Regents, is authorized to establish traffic and parking regulations and provide penalties for infractions. It is the function of UNO Public Safety and Parking Services to administer and enforce all traffic and parking regulations on properties owned, leased, and/or contracted for use by the Board of Regents of UNO.

Suggestions regarding parking should be sent to the Parking Services Manager, 1313 South 67th St. Omaha, NE 68182, for consideration. Parking Services is open 8 A.M. to 5 P.M., Monday-Friday; (402) 554-PARK (7275).

Parking information must be obtained by UNO Parking Services. Incorrect information received from any other source is not considered a valid defense for parking violations. All Parking Services communications regarding tickets, permits and tow notices are sent to your UNO email account.

Failure to read or understand the rules & regulations contained within does not remove responsibility for any citation-incurred fines. Parking on campus is a privilege, not a right. UNO parking permits do not guarantee a place to park on campus at any time. Parking in the interior lots may be difficult. Allow sufficient time to park and walk to your destination. Parking is on a "first come, first serve" basis with the required permit. Failure to abide by these parking regulations may cause revocation of parking privileges on campus. Lack of available parking is not a valid reason to park illegally. UNO parking regulations are enforced year round.

I. GENERAL PARKING INFORMATION

A. No vehicle may be parked on UNO campuses without a parking permit or authorization, except visitors in metered areas.

B. Faculty/staff and students will be held responsible for all parking violations involving their vehicles or any vehicle which they operate on campus property. If any vehicle on campus is in violation of any of the regulations contained herein, the person whom the UNO permit is issued, the registered owner or vehicle operator, shall be responsible for its presence on campus and the violation. If the vehicle is not registered with Parking Services, and no permit is linked to the vehicle, the presumption is that a faculty/staff or student is responsible for the violation on campus of any vehicle registered with the DMV to a person whose last name and address match University records.

C. The absence of a "No Parking" sign does not mean that parking is allowed. Vehicles shall not park at any time in crosswalks, campus streets/drives and parking lots where parking is not designated by stall lines.

D. Annual permits expire August 15, of each academic year, unless noted at the time of purchase. Fall semester permits expire at the end of Fall Semester finals.

E. It is a violation for any vehicle to be parked continuously in one place for a period in excess of twenty-four hours on University property. Any vehicle so parked may be towed without further notice. Resident permits and University vehicles are exempt.

F. Faculty/staff and students engaged in University business who find it necessary to leave their car on campus in excess of twenty-four hours must obtain permission from Parking Services, and no permit is linked to the vehicle, the presumption is that a faculty/staff or student is responsible for the violation on campus of any vehicle registered with the DMV to a person whose last name and address match University records.

G. UNO assumes no responsibility for damage to or contents of any vehicle parked or driven on any University property.

H. Abusive behavior towards Parking Services staff will be reported to Student Conduct for students or your immediate supervisor for faculty/staff.

I. Permit-free parking in general use spaces occurs when classes are not in session. Exceptions are meters, reserved and handicap spaces, driveways, loading zones, motorcycle areas, carpool spaces, visitor spaces and fire lanes. University lots may be closed at various times during the semester because of reservations, repair, hazards, etc. Notification of updates can be found in MavDaily, Bullseye, Facebook and Twitter. Open parking dates are also found on the website under Announcements.

J. Timed areas are enforced based on posted time restriction. A separate violation will be issued as you exceed each posted time restriction. This applies to meters, loading zones and timed visitor lots. (Ex: a vehicle in a 30-minute loading zone could get a violation for each 30 minute time segment) Vehicles parked in a timed area overnight will receive a $100 violation instead of a $30 violation every exceeded time restriction.

K. A valid permit is needed from 7 A.M. to 7 P.M. (M-Th) and 7 A.M. to 5 P.M. (F). On Fridays, Dodge Campus observe permit-free parking for general use spaces in both the East and West Parking Garages only. Dodge surface parking will require a valid surface permit until 5 P.M. At 2:30 P.M. all permits can park on Dodge faculty/staff and student lots in general use stalls. On Fridays, Scott Campus all faculty/staff and student lots including the Pacific Street Garage observe permit-free parking for general use spaces.

L. A license plate may be registered only one time with Parking Services.

M. Compact spaces are for compact vehicles only. Vehicles may not exceed stall lines.

C. If you pay a violation, you forfeit the option to appeal the violation. Appealing a violation forfeits the 20% for payment in 7 days.
D. For faculty/staff and students, a violation can only be appealed as long as they have purchased a current UNO permit.
E. Once the appeal application is filed, it is reviewed by Parking Services to determine if the appeal is valid. The following reasons are not valid for an appeal:

Parking Services will email the appeal decision to your UNO email address.
H. If an appeal is denied, the charge for the outstanding violation will be transferred to MavLink after eight (8) calendar days. If denied by the Ticket Appeals Commission, the student has the right to appeal the ticket within 30 days of the date of the Commission denial to the Student Court.
