## technical information

May 2010

Landscape Forms supplies commemorative plaques for many bench styles. This technical information sheet serves as a thought starter. Contact your Landscape Forms sales representative for selection assistance and pricing.

Steps to specifying a bench with commemorative plaque:

1. Choose bench style first
2. Determine verbiage for plaque
3. Determine which plaque style (machined or etched) best accommodates the verbiage

Considerations when specifying a bench with commemorative plaque:

### 1. Preferred bench style: wood or metal

#### WOOD:

Plaque may be surface-mounted or recessed. Note: The machined plaque is 5/16" thick and will protrude from the surface more than the 1/16" thick etched plaque.

#### METAL:

Most styles do not allow the plaque to be recessed. In this case, the thinner etched plaque is more suitable.

### 2. Preferred plaque style

#### MACHINED:

Style: Traditional with raised lettering on bronze

Material: Bronze

Size: 2" h x 10" w x 5/16" d

Fonts: Times New Roman (consult with your sales representative if other fonts are desired)

Verbiage: Number of characters and lines limited due to machining process

Mounting: Recessed for wood benches or Scarborough strap bench. Surface-mounted for all other bench styles

Typical Bench Styles: Scarborough strap bench (recessed or surface mounted plaque), Plainwell wood bench (recessed or surface mounted plaque), Plainwell aluminum bench (surface mounted plaque only)

### 2. Preferred plaque style (continued)

#### ETCHED:

Style: Transitional or contemporary look with letters etched into bronze or stainless steel.

Material: Stainless Steel or Bronze

Size: 2" h x 10" w x 1/16" d

Fonts: Times New Roman (consult with your sales representative if other fonts are desired)

Verbiage: Etching process allows for more characters and lines

Mounting: Surface Mounted

Typical bench styles: Plainwell (wood or aluminum), Towne Square, Sit, Stay, Wellspring
