

# COOPERATIVE EDUCATION

Cooperative Education Course in Logistics & Supply Chain Management is a structured component of Career Education (CE) curriculum that integrates classroom instruction with productive, progressive, supervised, and paid work-based experiences in fields related to students' career objectives.

## EARN WHILE YOU LEARN

The Logistics & Supply Chain Management (LSCMT) concentration is the focal point of this initiative, emphasizing critical aspects such as procurement, effective resource management, collaboration, sustainability, and supply chain resiliency. Students will benefit from integrating real-world experience with the learning outcomes provided through courses in the undergraduate program at the University of Nebraska at Omaha (UNO).

### 3 New Courses

- SCMT 4550 Cooperative Education (3 Credit Hours)
- SCMT 4551 Cooperative Education (6-12 Credit Hours)

As an attractive option for Seniors, all classes will be offered as an asynchronous online format that supports both working professionals and students residing inside and outside of Nebraska. Students can be employed at any location so long as they have access to the internet.

## PREREQUISITES

Students should meet the following:

- Received approval from Cooperative Education Coordinator
- Have a declared major in Business Administration (BSBA)
- Junior or Senior standing
- Cumulative UNO GPA of 2.50 minimum

## FULL TIME / PART TIME

The primary differences between the amount of credit hours earned are:

- Scope and complexity of the work project
- Extensiveness of work project deliverables/outcomes
- Number of hours a student works weekly
