If an applicant will not complete a bachelor’s degree prior to matriculation into Creighton’s Physical Therapy program, then an additional requirement of 3 upper-division courses in a major area of study is needed. These candidates must identify their major emphasis of study and satisfactorily complete a minimum of 3 upper-division courses toward that major.

Please visit Creighton’s School of Pharmacy & Health Profession’s website at http://spahp.creighton.edu/admission for further details.

May Advanced Placement (AP) courses or CLEP examinations be used to fulfill the pre-physical therapy requirements?

**For UNMC’s Physical Therapy Program:**
No courses taken for Advanced Placement or CLEP may count as one of the required pre-physical therapy courses. It is preferred that if a student has already been given credit for a pre-physical therapy course via the AP exam, that the student take an upper-level course in that area, rather than repeating the exact same course.

**For Creighton University’s Physical Therapy Program:**
Please contact Creighton for information on AP and CLEP examination acceptability. 402-280-2662.
