- Should we have lightning during dismissal, campers will be taken to the first floor of Arts and Sciences. It is the building directly north of the parking garage. Counselors will relay names to the waiting campers so they can run out to their car. Should you decide to wait out the storm and come a little later, that will be fine. Just come into the building to room 100 using the southeast entrance and walk straight down the hallway.
- Adults unwilling to abide by these instructions may be asked to keep their child at home (no refund).
