YOUR GENERAL INTEREST WITHIN BIOLOGY (IF DECIDED):

--

Most beginning Graduate Assistants teach introductory biology courses which include Biology 1020 (an introductory course for non-majors), Biology I (the first biology course for majors which includes botany, genetics, and classification), Biology II (the second course for majors, which includes zoology, evolution, and ecology), Microbiology, or Human Physiology and Anatomie. In which of these courses do you feel most competent to assist?

--
