

Narrative Nonfiction

ENG 4960/8966: 861 (a hybrid course)

Tuesday 4:15-5:30 pm & online

Dr. Lisa Knopp

This course will introduce you to a hybrid form of creative nonfiction that combines the methods of traditional journalism (interviewing, reporting, and immersion) with techniques and concerns that we usually associate with fiction (characterization, dialogue, point of view, creating scenes, construction of a central narrative). The effect of this combination is a work that has the feel of a real-life story unfolding before your eyes.
