WHAT PRACTICING PROFESSIONALS SAY

"UNMC has a good reputation. The 12-month program is appealing and fully prepares us to enter the workforce because we see wide ranges of studies with ability for hands on learning."
-UNMC Sonography Graduate

"Being a DMS is such a reward. As a DMS tech, I am essentially extra eyes for doctors in that we use diagnostic imaging technology to help give us detailed images of what's going on inside our patients. It's different every day and definitely keeps me interested on a day to day basis."
-Andrea Gullin, DMS
