Internships at UNO’s Glacier Creek Preserve
Summer 2020

Internship Description

- Glacier Creek Preserve is looking for up to 3 (three) Interns for Summer 2020. The Internship, which involves physical labor in summer field conditions, will assist in activities primarily located at Glacier Creek Preserve or T. L. Davis Preserve.
- A stipend of $1000.00 will be provided to each Intern successfully completing the internship requirements.

Activities may include: 1) Invasive species control (mechanical and chemical), 2) Native prairie seed collection, 3) Tree and brush cutting and clearing, 4) General repair and maintenance of existing structures and equipment, 5) Grounds maintenance, 6) Assisting with prescribed burns, 7) GPS data collection, 8) Assisting with research and monitoring projects, 9) Assisting with educational programs, 10) Assisting with Volunteer workdays and other activities that may occur during the internship.

Qualifications:

- Applicants must be students or recent graduates at college level and must be at least 18 years old.
- Applicants must be in good physical condition and willing and able to work outdoors in summer conditions.
- Applicants must be willing and able to use or learn to use hand tools, including loppers, hand saws, weed eaters, and backpack sprayers.
- Applicants selected must sign waivers of liability before beginning the internship.

General Information:

- Oversight of the Internship Program is the responsibility of the Preserves Director with on-site supervision provided by the Land Management Specialist.
- Internships are voluntary.
- Interns are expected to work a minimum of 120 hours between mid-May and mid-August with a minimum of 10 hours per week to be arranged with the Land Management Specialist.

To Apply:

Positions are open until filled. To apply, e-mail Glacier Creek Preserve (unoglaciercreek@unomaha.edu) and include (1) contact information, (2) a brief narrative describing your collegiate background, and (3) a statement explaining how the internship will benefit you. Application reviews will begin on 9 March 2020. Successful applicants will be contacted to set up interviews at the Preserve. If you have questions, feel free to contact the Preserve.
