Join the Schwalb Center to explore three of the world’s major religions in Morocco. Students will travel through Rabat, Fes, Marrakech, and Casablanca to discover the role of each religion within the local community. The diverse nature of Morocco’s people will be highlighted with visits to Roman ruins, medieval cities, cathedrals, mosques, temples, a UNESCO World Heritage site, NGOs, an exotic garden, and more! Enjoy the flavors of Moroccan cuisine at local restaurants, including a replica from the famous film Casablanca. Before students depart, they will get an in-depth overview of each religion’s importance in Morocco and how they’ve formed a peaceful coexistence.
