PLAN FOR YOUR FUTURE

What do accountants do? Where do accountants work?

Can I get a job with an accounting degree? How can I get accounting internships and jobs?

The Accounting Careers Program will help you answer these questions and navigate the path to your future as a professional accountant.

WHY STUDY ACCOUNTING?

Career paths for professional accountants are vast, with opportunities in public and private firms, government and business, and financial or managerial roles.

Accounting alumni have successful careers in auditing and information systems, financial accounting, tax accounting, and governmental and nonprofit accounting.

UNO’s Department of Accounting is accredited by the Association to Advance Collegiate Schools of Business International (AACSB) for its rigorous coursework, outstanding faculty and learning outcomes.

Less than 1 percent of business schools worldwide earn AACSB accreditation in business and accounting — and CBA is one of them.
