

UNO College of Communication, Fine Arts and Media

ACADEMIC AMNESTY PETITION

A student may request to remove one or two semesters of UNO coursework from their GPA computation. If approved, all coursework will remain visible on the student transcripts with the added notation "Academic Amnesty – Crs. Excluded." By accepting Academic Amnesty, students waive the right to graduate with honors.

Students may petition for academic amnesty if they:

- Are currently enrolled in the College of Communication, Fine Arts and Media
- Have successfully completed at least one full year of coursework at UNO (24 consecutive hours with a grade point average of at least 2.50)
- Are at least four years removed from the semester or year to be removed

The petition for academic amnesty is submitted in accordance with the following guidelines:

1. After consultation with an advisor, the student is responsible for initiating the petition.
2. The petition should be submitted to the CFAM undergraduate academic adviser who will, in turn, forward it to the dean.
3. The student will be advised in writing regarding the dean's decision. Copies of the decision are placed in the student's permanent file and sent to the registrar.
