

Transferring to College of Communication, Fine Arts and Media

American Council on Education & Military Transfer Credit

The University of Nebraska at Omaha College of Communication, Fine Arts and Media, (CFAM), seeks to grant the most credit possible for military training and experience. Each military student who submits a DD-214 may receive related transfer credit hours to be awarded for military training and experience as recommended by the American Council on Education (ACE).

Some factors may limit the number of credits accepted, including departmental accreditation and program-specific requirements. Credits not transferred as a specific class within CFAM academic programs may be applied to general education requirements as general electives.

Documents eligible for transcript evaluation can include DD-214, DD-295, DD-2586, CCAF Transcript (Community College of the Air Force), or Joint Services Transcripts which includes: SMART (Sailor/Marine ACE Registry Transcript), AARTS (Army/ACE Registry Transcript), CGI (Coast Guard Institute Transcript), and other official documents indicating ACE course recommendations. In addition, UNO accepts DSST (DANTES) and CLEP scores.

Use of military credits to transfer from UNO to another institution depends on a number of factors, including whether the institution has a transfer credit agreement with UNO. The institution receiving transfer courses makes the decision regarding award of transfer credit. Military students should evaluate their transfer options carefully in consultation with the receiving institution.

For additional information on military transfer credits or ACE course recommendations, see a CFAM adviser.
