

Whole Musician Retreat UNO edition: March 7-9, 2019

Open to musicians, actors, public speakers, dancers... anyone who wishes to "up" their public performance game! All sessions are FREE & open to the public.

Through exploration of our art, body, and mind, the Whole Musician team empowers performers of all genres to realize their full artistic power & expression. They bring specialized certifications (life coaching, meditation, physical training, and yoga) to bear in relevant and sustainable workshop experiences.
