

SEMINAR SERIES

Supported by The Department of Biomechanics and
The Center for Research in Human Movement Variability (MOVCENTR)

Rebuilding Lives

Featuring Dr. Brad Dexter
Quality Living Inc. (QLI)

Friday, March 31 | 12:00 - 1:15 pm | BRB 167

PRESENTATION ABSTRACT

QLI has been in the business of rebuilding lives in the Omaha community and beyond for over 30 years. This presentation will focus on QLI's model of treatment, place in the healthcare continuum, outcomes, and creative opportunities to impact lives and the community moving forward.

ABOUT DR. DEXTER

Skilled in neuromuscular therapy, clinical research, and brain and spinal cord injury rehab, Brad proves virtual care is a powerful and effective approach. He consults and speaks nationally on various topics in the field, and his deep, clinical knowledge, experience with athletic training, and passion for teaching sets him apart. Brad also has a passion for music and is an avid sports enthusiast and outdoorsman. Often tackling renovation projects around the house, he is a handy-man at heart whenever he's not camping and taking road trips with his family to national parks throughout the country.
