Student Handbook

Counseling Department

University of Nebraska at Omaha

College of Education, Health, and Human Sciences
Welcome!

Congratulations on your admission to the Counseling Department at the University of Nebraska Omaha! We hope that our passion for the community and our field inspires you to achieve academic excellence and strong clinical skills. You are a part of what we believe is an outstanding group of graduate students who, like you, have shown through the admissions process that you have the potential for becoming a passionate, professional counselor, school counselor, or student affairs professional. The counselor education faculty is honored to join you on your career journey and look forward to your contributions to our programs as you work to enhance your ability to be useful to others.

You have a supportive faculty and study body eager to get acquainted with you and ready to embrace your involvement in the program. The opportunities are here. Now it is up to you.

Sincerely,
Counselor Education Program Faculty
Counseling Department

University of Nebraska at Omaha
Philosophy

Since its founding in 1908, UNO has sought to provide the city of Omaha, the State of Nebraska, and other states in which graduates may eventually seek residence and employment with individuals of sound intellectual training and preparation for life. Its goal for students has been: "to earn a living and live a cultured life not as two processes, but as one”.

Mission Statement

The mission of the UNO Counseling Department is to provide high quality academic and clinical preparation leading to eligibility for licensure and certification as professional counselors and student affairs professionals. Through a rigorous, evidence-based curriculum designed to train critical thinkers and reflective practitioners, candidates are prepared to work with diverse clients across multiple professional settings and engage and remain active as advocates and future leaders within and for the counseling profession and those we serve.

Vision Statement

The vision of the UNO Counseling Department is to prepare a diverse student population at the master’s degree level for professional service as school counselors, clinical mental health counselors, student affairs professionals, and advanced study. Graduates of the program are eligible for professional licensure and certification in the school and mental health areas and are well prepared to function professionally within their area(s) of concentration. As dedicated practitioners, reflective scholars, and responsible citizens, our graduates are prepared to fill the need for licensed/certified clinical mental health counselors, school counselors, and student affairs professionals across the Omaha metropolitan region, Nebraska, and the nation.

Objectives

- Students in the Clinical Mental Health Counseling (CMHC) concentration will be prepared to work with the behavioral and mental health needs of individuals and families in a multicultural and pluralistic society based on the strength-based, preventative, and wellness tenets of the counseling profession by demonstrating competency in the counseling curriculum and internship experiences.

- Students in the School Counseling (SC) will be prepared to work as school counselors and will demonstrate the professional knowledge, skills, and practices necessary to promote the academic, career, and personal/social development of P-12 students in a multicultural and pluralistic society by demonstrating competency in the counseling curriculum and internship experiences.

- Students in the Student Affairs in Higher Education (SAHE) concentration will be prepared to work within a multicultural and pluralistic society with a diverse range of college and university student affairs and administrative unit by demonstrating competency in the counseling curriculum and internship experiences.
- Students will demonstrate ethical and cultural competencies consistent with the documented expectations of the counseling discipline and professional area(s) of specialization through displaying dispositions that are culturally sensitive, responsive, and self-aware in the counseling courses and internship experiences.

- Students will demonstrate competence in evaluating and applying evidence-based research in their work with clients and/or students through evaluation of skills in counseling course and internship experiences.

- Students will demonstrate mastery of core and specialization counseling curriculums through successful completion of a concentration specific comprehensive exam (CMHC/CECE; SC/Praxis II; SAHE/Comprehensive Case Study).

Counseling Department Faculty

The UNO Counseling Department (COUN) consists of 7 core faculty members, 1 administrative assistant, 2 graduate assistants, and 1 part-time clinical coordinator for the UNO Community Counseling Clinic (CCC). Additionally, experienced instructors with expertise in clinical mental health counseling, school counseling, and student affairs/higher education are utilized as part-time (“adjunct”) instructors.

**Core Faculty**

- Tina Christine Chasek, Ph.D., LIMHP, LADC, LPC - Department Chair/Associate Professor
- Abby Bjornsen-Ramig, Ph.D., LP - Associate Professor
- Charmayne Adams, Ph.D., LIMHP, CPC - Assistant Professor
- Ashley Blount, Ph.D., LPCC, NCC - Assistant Professor
- Isak Kim, Ph.D., NCC - Assistant Professor
- Mr. Thang Tran, ABD - Instructor
- Open Faculty Position - Assistant Professor

**Faculty & Staff Roles**

- Department Chair - Dr. Chasek
- Graduate Program Committee-Chair - Dr. Chasek
- Graduate Program Committee-Members - Dr. Adams; Mr. Tran
- NBCC/CECE Liaison - Dr. Adams
- CACREP Liaison - Dr. Chasek
- CAEP Liaison - Dr. Chasek; Mr. Tran

- Graduate Program Chair, Clinical Mental Health Counseling - Dr. Adams
- Graduate Program Chair, School Counseling - Mr. Tran
- Graduate Program Chair, Student Affairs in Higher Education - Dr. Blount
- Clinical Training Director-CMHC - Dr. Bjornsen-Ramig
Graduate Review Committee-Chair: Dr. Adams
Graduate Review Committee-Members:
- Dr. Bjornsen-Ramig
- Dr. Blount
- Dr. Kim
- Mr. Tran

Diversity/Retention Committee-Chair: Dr. Bjornsen-Ramig
Diversity/Retention Committee:
- Dr. Blount
- Mr. Tran

Office Associate: Ms. Barb Newell
Chi Sigma Iota Faculty Advisors:
- Dr. Kim; Dr. Chasek
Director, Community Counseling Clinic (CCC): Dr. Bjornsen-Ramig
Community Counseling Clinic Coordinator: Morgan Pospisil
Graduate Assistants:
- Jacob Ignagni; Pedro Tostes Ribeiro
- Radusewski

Contact Information
University of NE Omaha

UNO Community Counseling Clinic (CCC)
The UNO Community Clinic (CCC) is the UNO Counseling Department’s in-house training and research clinic. The clinic serves UNO and the citizens of the Omaha metro region by providing low-cost counseling services. Clients are served by advanced clinical mental health counseling students completing their practicum and/or internship under the supervision of fully licensed department faculty. Services include individual, group, couples, and family counseling under the clinical and administrative supervision of counseling faculty and staff licensed as mental health professionals. Additional information can be found on the CCC webpage.

Webpage
The UNO Counseling Department’s webpage provides critical information on department programs, policies, activities, the Community Counseling Clinic (CCC), and professional opportunities for students’ documents. Students are expected to utilize the website for, minimally, reviewing UNO, College of Education, and department policies as well as accessing critical documentation related to advising/degree planning and practicum/internship.

Department Listserv
The UNO Counseling Department maintains a listserv for distributing important department information. Listserv information may include-but is not limited to- comprehensive and national licensure exam testing dates (i.e., CECE, NCE, Praxis II), “group experience” sessions, and employment & professional development opportunities. Students fully admitted to the department will be automatically placed on the listserv. Students who are not receiving listserv messages should immediately contact the department’s graduate assistants.
Accreditation
The department’s Clinical Mental Health Counseling (CMHC) and School Counseling (SC) programs are accredited through March 2024 under the 2009 Council for the Accreditation of Counseling and Other Related Educational Programs (CACREP) standards. A hallmark of the UNO Counseling Department for over two decades, CACREP accreditation illustrates the department’s dedication to setting and maintaining the highest recognized academic and training standards in the counseling discipline. The UNO Counseling Department is the only counseling department in Nebraska with CACREP-accredited CMHC and SC programs. Where appropriate, the CMHC and SC programs also align with the North Central Association (NCA), the Council for the Accreditation of Educator Preparation (CAEP) and the Higher Learning Commission (HLC).

Benefits of graduating from a CACREP program:
- CACREP-accreditation illustrates the program/degree meets the highest standards of the Counseling profession.
- Streamlined application process for provisional licensure (PLMHP) for CMHC in Nebraska and other state licensure boards.
- Option to take the National Counselor Examination (NCE/NCMHCE) prior to graduation.
- Option to become a Nationally Certified Counselor (NCC) upon graduation.
- Increased job prospects given many positions seek graduates from CACREP accredited programs.

Goals of Student Handbook
The UNO Counseling Department (“the department”) student handbook outlines key departmental programs, policies, and procedure. Students should refer to the UNO Graduate Catalog corresponding to the academic year they were admitted to the Counseling Department as a degree seeking student for questions regarding curriculum requirements. The goals of the student handbook are to:
1. Inform students about relevant departmental program, policies, and procedures.
2. Serve as a resource in conjunction with guidelines contained in the UNO Graduate Catalog and with regular consultation with the student's faculty advisor.

While the department’s student handbook is revised intermittently, students are reminded that their degree/graduation requirements remain the requirements published in the UNO Graduate Catalog for the academic semester in which they were admitted as a degree seeking student. Students wishing to adapt or revise their degree to address revised curriculums must have the approval of their faculty advisor and department chair.
ADMISSION, SELECTION, AND ADVISEMENT

Matriculation Requirements

The UNO Counseling Department admits degree-seeking (i.e., “full admission”) students in the clinical mental health counseling (CMHC), school counseling (SC), and student affairs in higher education (SAHE) programs in the Fall and Spring semesters. Students may be admitted with with a “full” or “provisional” status. Students admitted as “provisional” will be notified of this status in their initial admission letter from the department. This letter will outline the terms of provisional admittance and outline the process and timeline for fulfilling the provisional requirements. The letter also serves as a contract for full admission and the student’s continued candidacy in the department. Failure to satisfy the provisional requirements may result in dismissal from the program.

Common reasons for “provisional” admission to the department include, but are not limited to:

- Student’s undergraduate GPA has not met minimum UNO Graduate Studies and Departmental requirement of 3.0;
  - Students can be provisionally admitted with a GPA between 2.7-3.0;
  - Students with a GPA below 2.7 do not meet minimum requirements and can only be admitted under special approval status from the Graduate Studies office.
- Deficient writing as assessed by Counseling Department admissions team through reviewing the application materials;
- Deficiency in the required dispositions as assessed in the admission interview process.

Advising

Students are assigned an advisor from their stated concentration upon provisional/full admission to the department. This advisor will be noted in their formal acceptance letter from the department. The new student orientation meeting will be the student’s initial contact with their advisor, where they will address their plan of study and specific courses for their first semester of enrollment. Following this initial advising session, students are encouraged to work closely with their advisor each semester prior to their registration period to ensure they can complete their plan of study in the most efficient and effective manner. Students are responsible for scheduling advising meetings with their advisors.

Background Checks

When a student is admitted into a degree seeking program, a background check is required by the department. The background check must be completed in the first year of the students program and prior to registering for the required practicum course. The completed background check report is made available to department faculty for review to determine if the student can work with clients in the practicum and internship portion of the program and to complete the degree program. Students bear the financial responsibility for these background checks/drug screens. Failure to complete the background check or a background report that indicates a student is on the abuse and neglect registry or has felony or other serious criminal charges is grounds for dismissal from the program. Additional background/drug screens may be mandated by practicum/internship sites. Instructions for the departmental background checks are found in Appendix G.
Enrollment & Degree Completion

1. Time limit: The degree program must be completed within 10 consecutive calendar years. **Coursework that is over ten years old (30 consecutive terms) at the completion of the degree program (as defined by the plan of study and including any exit requirements) cannot be used toward the degree.** Departments/schools may require completion of the degree program in less than 10 years; this will be noted in the catalog and DegreeWorks.

2. Full-time enrollment is 9 credits, while part-time enrollment is 3-6 credits. However, the department expects fully admitted students to maintain minimum progress toward their degree in the form of 6 credits (two courses) per semester. Students are allowed to enroll in up to 12 graduate-level credits without special permission from the department.

3. The average timeline for degree completion in the CMHC and SC concentrations is between 3-4 years and for the SAHE concentration between 2-3 years.

Course Substitutions (Transfer Credit)

The department will consider transferring up to 9 credits of completed graduate level coursework from institutions outside of the University of Nebraska system. (Credits from courses taken at any other University of Nebraska institution are not subject to the 9 credit hour limit.) Students are expected to complete the remainder of their coursework within the UNO Counseling Department. The parameters and process for having a course considered for substitution is outlined below:

**Parameters**

1. No substitution(s) for Practicum and/or Internship course(s) in any concentration is allowed, even from other University programs.
2. Undergraduate courses are not accepted for transfer credit.
3. The grade earned in the course requested for transfer must be a B or better.
4. The UNO Counseling Department reserves the right to grant or deny any transfer substitution credit request.

**Transfer Substitution Credit Request Procedure**

a. Student sends the syllabus/i of course(s) requested for transfer credit must be sent to the student’s advisor for initial review.

b. The Advisor and Department Chair will review and, if appropriate, send the syllabus for full review to instructor with primary teaching responsibility for the course.

c. The primary course instructor will review syllabus based on following metrics:
   1. Requested course must be equivalent of 45 hours/15 weeks of graduate level course instruction.
   2. Requested course must have equivalent credit hours (3).
   3. Course must have been passed with a grade of B or better
   4. CMHC/SC course requests must align with UNO’s CACREP-accredited course design.

d. The primary course instructor will notify department chair with email message to “accept/deny (Course XXXX) as substitution for [COUN XXXX]”. Department chair will provide final review and forward acceptance/denial to student.

e. If there is a question by the primary instructor and/or department chair concerning a course’s suitability for transfer credit, the request will be placed on the agenda for the next scheduled department meeting. Upon full faculty decision, department chair will notify student of acceptance or rejection of the request.

f. If the transfer substitution credit is accepted and approved, the Department Chair will notify the student that an official transcript that includes the course approved for transfer must be sent to the graduate studies office. When the transcript is received
the Department Chair or the Administrative Assistant will petition for the course transfer in degree works to finalize the process and apply the credits. The official transcript for the course to be transferred in from must be sent to the Office of Graduate Studies. The Graduate Office accepts transcripts from Parchment and National Student Clearinghouse via email at gradschool@unomaha.edu

If transcripts need to be mailed, they can be mailed to:
UNO Office of Graduate Studies
6001 Dodge Street
Eppley Administration Building, Room 203
Omaha, NE 68182-0209

Registration
Registration is completed online through MavLink prior to or during each semester. For access to MavLink, students must obtain their NU ID from the UNO Office of Records and Registration. If you have a registration hold due to a transcript or immunization, contact the UNO Office of Records and Registration. If there is an advising hold, the student must contact the advisor to resolve the issue and have the hold removed.

Course numbers, instructors, and dates/times of classes will be posted in MavLink several weeks prior to registration windows each semester. Students are strongly encouraged to enroll at the earliest opportunity their registration window (see Mavlink for times) opens in order to secure a preferred schedule rather than waiting for the general registration period. Please refer to the UNO Academic Calendar for more detailed registration timelines. If a course fills prior to your enrollment, contact your advisor to discuss options, however, instructors and/or the department chair are not obligated to provide permits.

Student Records
The UNO Department of Counseling maintains student records for a period of 10 years as required by law. The department cannot guarantee student records will be held after this period, therefore, students are strongly encouraged to maintain a copy of all documentation related to future their courses and internship for employment/licensure/certification. Failure to maintain personal records of completed practicum/internship hours could pose a barrier for future employment/licensure/certification.

Additionally, students are required to notify the Counseling Department and UNO Office of Records and Registration of any change of name, address, phone number, or other important information.

Surveys
In order to ensure that the department’s curriculum and program maintains standards of excellent, a series of annual reports and surveys are connected and reviewed. Employer surveys and graduate surveys provide valuable/required data about the program that is used for program improvement and development. Students and their future employers will therefore be asked to complete these surveys. As such, the department will ask students to provide a post-graduate contact email to keep on file for future communications.
Counseling
Graduate Programs
(Concentration Areas)

The UNO Counseling Department offers the Masters of Science (M.S.) degree in Counseling in three specialization areas: Clinical Mental Health Counseling (CMHC), School Counseling (SC), and Student Affairs in Higher Education (SAHE). Students may choose to complete a M.S. with a thesis, which adds six (6) additional thesis hours to the M.S. degree. The CMHC and SC programs are both accredited by the Council for the Accreditation of Counseling and Related Educational Programs (CACREP, 2009). The SAHE program aligns with professional standards in student affairs.

M.S. in Counseling, Clinical Mental Health Counseling (CMHC)
1. 60 credit curriculum (non-thesis option; CACREP-accredited)
2. 66 credit curriculum (thesis option; CACREP-accredited)
3. Electives (see: Licensure/Certification): COUN 8686 & COUN 8696

M.S. in Counseling, School Counseling (SC)
1. 48 credit non-thesis option curriculum (CACREP-accredited)
2. 54 credit thesis curriculum (CACREP-accredited)
3. 60 credit Alternative Path Endorsement curriculum (CACREP-Accredited)
   a. 48 credit curriculum
   b. 12 credit curriculum w/required & elective courses
4. School Counseling Curriculum & Plan of Study: Appendix C
5. School Counseling Alternative Endorsement: Appendix D

M.S in Student Affairs in Higher Education (SAHE)
1. Fully online, 38 credit
2. 42 credit thesis option
3. Student Affairs in Higher Education Curriculum & Plan of Study: Appendix E

Electives
Students interested in meeting the academic requirements for provisional licensure as a substance abuse counselor in Nebraska (PLADAC) should take COUN 8686 & COUN 8696. These courses, in addition to the CMCH curriculum, fulfill the academic-but not clinical practice-requirements for the PLADAC in NE. For CMHC students, these two online courses are best taken after all pre and co-requisite courses for practicum (COUN 8220) are completed.

Distance Learning
The Student Affairs in Higher Education concentration is a fully online program (See Appendix E for curriculum and Plan of Study). The method of instruction for all other courses is included in the Clinical Mental Health Counseling Curriculum & Plan of Study: Appendix B and the School Counseling Curriculum & Plan of Study: Appendix C (This is subject to change based on department, faculty, and University needs.)
**Canvas (Teaching/Learning Platform)**

- Canvas is UNO’s learning management system (LMS). Canvas is used in all COUN courses. Students should seek clarification from course instructors concerning how they use Canvas during the first class of each semester. There is no cost for Canvas.

**Counseling Concentrations**

Students may consider completing more than one concentration area after completing one full semester as a fully admitted student. If a second concentration area is added, the student will formally file their intention to complete a second concentration area through notifying their advisor via email. Students interested in adding a second concentration area should also carefully review the following:

- If a student graduates with their MS in Counseling, and then later decides to pursue coursework to fulfill an additional concentration/endorsement after the MS degree has been granted, the student cannot apply or be admitted back into the MS in Counseling in order to take classes for the additional concentration. *Coursework to be completed for fulfillment of any additional concentrations after graduation can only be done through graduate non-degree status.* Students can apply as graduate-non degree in order to enroll for classes but will not be eligible for financial aid.

- While it is possible to receive master’s degrees in various disciplines, individuals cannot apply or be admitted into a program for which a degree has already been awarded (even if pursuing a different concentration). UNO is unable to confer a degree for the same program multiple times.

- **Federal financial aid regulations prohibit a student from receiving aid if they are in a program that does not lead to a degree.**
  - In other words, if you graduate with a counseling degree and later return to complete a second concentration area, you are not able to apply back into the master’s degree in counseling and receive financial aid because you have already received a master’s degree in counseling.
  - UNO cannot confer a degree for the same program multiple times, even if a different concentration is being sought.

- Students must complete ALL coursework in the second concentration area-with the exception of completed core curriculum course.

- Students current standing in one concentration area does not guarantee acceptance into additional concentration.

- The addition of a second concentration area can extend an expected graduation date by a minimum of 1.5 to 2 years. Adding a second concentration area following graduation would have a similar completion timeline.

**Process for requesting permission for a second concentration:**

1. Fully admitted students seeking to add a second concentration will *not* be required to re-apply to UNO Graduate Studies or UNO Counseling Department but must be in good standing with the UNO Graduate School and Counseling Department.
2. Fully admitted students have a formal (face to face/Zoom) meeting with their faculty advisor to process their reasoning for adding a second concentration and review course/graduation
requirements for the second concentration.
3. Students receive approval from their faculty advisor to interview for formal acceptance into the second concentration.
4. Student’s faculty advisor emails department chair confirming student has met with advisor and received permission to apply for second concentration area.
5. The Department Chair will email graduate assistants requesting the student be placed on the next admission interview schedule for admission into the second concentration area to review if the student is a good fit for the added concentration and review academic progress and dispositions while in the program.

Course Delivery and Methods of Instruction
Courses at UNO are delivered in four different formats as outlined below. The course delivery and method of instruction will vary by course and by instructor to assure the content is delivered in the best way possible. The method of instruction is outlined on the curriculum plan for each concentration area as found in the appendix section, however, course delivery and method of instruction is subject to change so students are encouraged to review the courses details at the time of registration.

Course Delivery Methods:
- **In-Person Instruction (001 sections)**: This is when instructors and students attend class together on UNO’s campus, or sometimes in field work, internships, service learning, or in the community.
- **Remote Instruction (820 sections)**: This is when instructors and students meet via digital technology – like Zoom – at scheduled times.
- **Online Instruction (850 sections)**: This form of course delivery relies almost entirely on digital student-instructor interactions, with students able to interact with each other and the instructor at flexible hours.
- **Hybrid Instruction (860 sections)**: When a course is taught through a mix of in-person instruction and either remote or online instruction, it is referred to as "hybrid instruction."

Grading Scale
The Counseling Department utilizes a 5 letter grading scale based on the following guidelines.

<table>
<thead>
<tr>
<th>Grade</th>
<th>% Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>90-100</td>
</tr>
<tr>
<td>B</td>
<td>80-89</td>
</tr>
<tr>
<td>C</td>
<td>70-79</td>
</tr>
<tr>
<td>D</td>
<td>60-69</td>
</tr>
<tr>
<td>F</td>
<td>&lt;60%</td>
</tr>
</tbody>
</table>

Incomplete Grade Policy
It is at the discretion of the instructor whether a student who does not complete course requirements within the grading period will be awarded an “Incomplete” as a course grade. An Incomplete should only be given in the student has already substantially completed the majority of the requirements of the course and only if circumstances beyond the student’s control resulted in an inability to complete course requirements such as illness, military service, hardship, or death in the immediate family. It is the student’s responsibility to meet with the instructor of record to determine the requirements necessary to complete the course. The incomplete must be resolved prior to the semester the student wishes to graduate, however it is up to the instructor to determine the time frame for completing the incomplete and
the requirements to remove the incomplete and issue a grade for the course. These requirements should be
in writing to ensure there is no miscommunication between the instructor and the student.

Clinical Experiences:
Practicum and Internship

The CACREP-accredited Clinical Mental Health Counseling (CMHC) and School Counseling (SC)
concentrations require one (1) semester/100-hour practicum and two (2) consecutive semester/300
hour internships. The SAHE concentration requires a 300-hour internship.

Key Elements:

Mandated Orientations: Mandatory practicum and internship orientation meetings are held each
semester for students entering COUN 8220 (CMHC Practicum) and
COUN 8250 (CMHC Internship). SC and SAHE students should
contact the SC and SAHE Graduate Program Chairs, respectively, for
information regarding practicum and internship meetings. Meeting
notifications will be sent via the department listserv. Failure to
attend may result in student forfeiting a seat in the course for their expected enrollment semester.

Timeline:

Given the numerous graduate-level CMHC and SC programs across
the Omaha and Lincoln metro regions, students are strongly
encouraged to secure a site well in advance of their practicum or
internship semester. Please check with your advisor if you have any questions.

Securing a Site:

While faculty will assist students in locating practicum and internship
sites, students shall secure their own practicum and internship sites.
This includes, but is not limited to, contacting potential sites, setting
up interviews, initiating an affiliation agreement with the Clinical
Training Director (CTD), and completing any/all site and/or
departmental mandated background checks/drug screens.

Site Locations (general):
The department updates their practicum/internship resource guide each
summer. Still, programmatic and personnel changes are inevitable, so
the contact information may not always be current.

Site Locations (CMHC):
ALL sites must be approved by the CMHC Clinical Training
Coordinator (CTD). If a site is not on the current internship site list, the
student shall provide the CMHC CTD with the contact information for
the potential new site. The CTD will contact the site manager/program
manager and accept or decline the site. The CMHC internship site list is
found on the department website.
Site Locations (SC/SAHE): SC and SAHE students should contact the respective SC Graduate Program Chair and the SAHE Graduate Program Chair for site information and enrollment procedures.

Documentation: All required documentation and documentation timelines are included in the Practicum and Internship manuals for each concentration area. See CMHC Practicum and Internship Manuals on department website.

Affiliation Agreements: An “Affiliation Agreement” (AA) between the department and practicum/internship site is required for a student to be on site. CMHC students must contact the CMCH CTD to ensure a valid AA is on record. SC and SAHE students must contact the SC and SAHE GPC’s, respectively, to ensure a valid AA is on record at all SC/SAHE sites.

Liability Insurance: Valid professional liability insurance is required for the entirety of the practicum/internship courses. Low cost liability insurance is available through HPSO, or free with student membership to the American Counseling Association (ACA) or American School Counseling Association (ASCA).

Background check: A background check is required for all CMHC, SC, and SAHE students upon entry admission to the program. In addition, some practicum or internship site may also require a second background check or a drug screen as a placement condition.

COUN 8220: CMHC Practicum

A. While every effort will be made to place all eligible students, CACREP ratios and site availability may limit enrollment. Thus, enrollment in COUN 8220 during any particular semester cannot be guaranteed. If CACREP-mandated enrollment requirements or clinical sites are unavailable, those students will be prioritized for enrollment the following semesters.

B. A student with more than a 1 year (3 semester) gap between completion of their pre-requisite coursework and their anticipated enrollment in COUN 8250 shall request written permission from the department chair to be considered for enrollment in COUN 8250. The department chair will consider the request in consultation with department faculty and the Clinical Training Director-and will make a decision based on a) the student’s reasoning for the gap, and b) the timeline involved (i.e., 10-year limit for degree completion). The department chair, in consultation with the department’s Graduate Review Committee, may require students in this situation to retake coursework prior to enrollment in COUN 8250.

Enrollment Procedure: COUN 8220: CMHC Practicum

1. Attend mandatory practicum orientation one semester prior to expected enrollment.
2. Students must bring completed document verifying completion of all COUN 8220 pre-requisite & co-requisite coursework.
3. The CMCH Clinical Training Director will review the student’s required course completion document and outline the process for site assignments, key practicum policies and
procedures, and the final enrollment.

4. Following the mandatory meeting, the department’s administrative assistant will verify that each student is eligible for enrollment in COUN 8220 (per cross-checking submitted pre-req/co-req document).

5. Upon verification, the administrative assistant will notify the Clinical Training Director of the number/name of students eligible for COUN 8220.

6. In coordination with the Clinical Training Director, the department’s administrative assistant will provide a registration permit for the student’s assigned COUN 8220 section. Two sections of clinic practicum will be offered each semester, for a total of 6 students in each section. If there are more than 12 students enrolling in practicum in a single semester, the Clinical Training Director will facilitate students in securing a community practicum placement.

**COUN 8250/COUN 8260: CMHC Internship/Advanced Internship**

A. Student must bring a statement signed by current COUN 8220 instructor stating student is currently enrolled in COUN 8220 and on track to complete the course with a grade of B or higher. A grade of B or higher in COUN 8220 is required for enrollment in COUN 8250.

B. While every effort will be made to place all eligible students, CACREP ratios and site availability may limit availability. Thus, placement/enrollment in COUN 8250 cannot be guaranteed. While most students complete COUN 8250/8260 at the same site, placement/enrollment cannot be guaranteed for COUN 8250 students seeking to switch their site placement for COUN 8260. Students seeking to change their placement site for COUN 8260 should notify the Clinical Training Director at the earliest possible time.

**Enrollment Procedure: COUN 8250: CMHC Internship**

1. Attend mandatory internship orientation one semester prior to expected enrollment.
   
a. **Failure to attend** the mandatory COUN 8250 orientation may result in student having to postpone internship to a later semester.

2. Students must bring a statement signed by current COUN 8220 instructor stating student is currently enrolled in COUN 8220 and is on track to complete the course with a grade of B or higher.
   
a. A student with more than a 1 year (3 semester) gap between completion of COUN 8220 and their anticipated enrollment in COUN 8250 (or between 8250-8260) shall request written permission from the Department Chair to enroll in COUN 8250. The department chair will consider the request in consultation with department faculty and the Clinical Training Director-and will make a decision based on a) the student’s reasoning for the gap, and b) the timeline involved (i.e., 10-year limit for degree completion). The department chair, in consultation with the department’s Graduate Review Committee, may require students in this situation to retake coursework prior to enrollment in COUN 8250/8260.

3. The CMHC Clinical Training Director will review key policy/procedure/expectations for COUN 8250/8260, including process for identifying and securing a site.
4. The CMHC Clinical Training Director will confirm student eligibility for COUN 8250/8260 and direct the department’s administrative assistant to send a registration permit for the student’s requested 8250/8260 section.
   a. While every effort will be made to place students in their preferred site location and/or 8250/8260 class section, site location and course section placement cannot be guaranteed.
   b. Internship students are not permitted to commit to two sites, but can submit a proposal for faculty review if they have a particularly compelling rationale for doing so (e.g., a time-limited opportunity in a given setting).
   c. Site list on website will be updated regularly to reflect sites with active agreements as vetted by CTD. Students wishing to train with a site not on the list should provide the site name, director, and contact information to CTD to initiate vetting process.
   d. Students are able to accept living stipends and other compensation for internship, however these arrangements must be pre-approved with the Clinical Training Director to ensure that hours at the site will meet the requirements for direct and indirect clinical training purposes.

COUN 8330/8430/8460: School Counseling Practicum & Internship: Enrollment Procedure

1. Meet with advisor and complete the practicum application form at least two semesters prior to the anticipated summer practicum.
2. During the early spring of the summer practicum year noted on your application students verify intent to complete summer practicum that calendar year.
3. Candidates complete and submit the COE supervised internship document from Student Services with preferred K-12 level and district noted.
4. Candidates are issued a permit to register for summer practicum.
5. Student Services working with school districts completes and notifies candidate of summer school placement for practicum.
6. Candidates are issued permits to register for Internship section for the fall following the successful completion of summer practicum at the K-12 level not completed in practicum.
7. Candidates are issued permits to register for advanced internship sections for spring following the successful completion of Fall internship.

COUN 8450: Student Affairs in Higher Education Internship: Enrollment Procedure

1. Students in the SAHE concentration are required to complete 3 credit hour/300 hour internship in an appropriate site within a higher education setting. This experience will require 300 clock hours of internship activities under supervision of the appropriate personnel in the internship site.
2. Students complete the SAHE Internship Application one semester prior to their intention of beginning internship and submit the form to SAHE program coordinator.
3. Agreement form. The student shall collect this form from the site supervisor and submit directly to the SAHE program coordinator.
4. It should be noted that the following requirements must be met for a site to be deemed appropriate for internship:
a. One hour per week of face-to-face supervision with a supervisor holding a masters degree in SAHE or a closely related field
b. Permission by site to video/audio record meetings with students for use in individual supervision and group supervision (COUN 8450).
c. Formal evaluation by site supervisor at mid-semester and end of each semester of internship.

**Group Experience**

The group experience is **not a specific COUN course** and is **not found on Mavlink**. Instead, the 10-hour group experience is required of all CMHC and SC students prior to graduation. Students in the SAHE program are **not required to complete the group experience**.

Key elements of the group experience are as follows:
- Completion of the 10 hour “group experience” is required for graduation.
- Notification of sessions and enrollment instructions for the group experience(s) will be sent via the department’s dedicated listserv.
- “Group Experience” consists of five (5) 2-hour group sessions on consecutive weeks during the semester. One make up group session will be offered per experience to accommodate any unforeseen absences. A minimum of two group experience sessions are offered each semester (including summer).
- Group leaders are community-based, fully licensed mental health practitioners.
- Each session is limited to a max of 10 students.
- A $200 course fee in either COUN 8360 (CMHC) or COUN 8740 (SC) covers the cost of the group experience.
- Students are required to complete a course evaluation as verification of successful completion of the group experience.
- **Successful completion** requires:
  - Attendance and participation at five (5) 2-hour group sessions
  - Acknowledgement and adherence to groups rules and expectations outlined during the first group meeting.
  - Completion of the Group Experience Evaluation
  - Submission of the Group Experience Evaluation via email attachment to the department chair immediately following completion of the group. Failure to comply with this requirement will result in the student having to complete another five session group experience.

**Comprehensive Exit Exams**

All students seeking graduate degrees in the Counseling Department’s concentration programs are required to complete a comprehensive exam. The comprehensive exam needs to be taken the semester of the graduation. The CMHC students take the CECE, School Counseling Students and SAHE students take a written comprehensive exam. Each exam is described below.

Failure to pass the comprehensive exam may result in dismissal from the program. Students may sit for the exam not more than three times. If a student fails on the first administration of the comprehensive exam they will be notified by the exam coordinator. The exam coordinator will
share with the student the score and suggest areas to focus on for the next administration of the exam. If the student fails the exam on the second administration, they will be referred to the Graduate Review Committee (GRC). The GRC will determine if a student is allowed to take the exam a third time and develop a Student Success Plan/remedation that outlines resources and a plan for the third administration of the exam. The remediation plan must also address the next steps if a student fails the exam a third time. This may include but is not limited to recommendations for dismal from the program, taking additional courses, engaging in structured study sessions with faculty, completing other learning experiences that may be assigned, or alternative ways to demonstrate mastery of the material.

**Clinical Mental Health Counseling (CMHC)**

The Counselor Education Comprehensive Examination (CECE) serves as the CMHC concentration’s required comprehensive/exit exam and is taken during the student’s COUN 8260 semester (summer graduates take the CECE in the spring semester during 8250). Instructions for registering for the CECE will be provided by the department’s NBCC Liaison via an email on the department’s dedicated listserv.

The CECE is a valid and reliable exam that is widely used among graduate counseling programs as a comprehensive/exit exam. The CECE covers the eight common core curriculum areas as defined by CACREP (see below). The “pass” score for the CECE is the national average score of students from CACREP-accredited CMHC programs who use the CECE as exit exam. Students will have two opportunities to take the exam. They will be provided guidance on which areas to study if they do not pass the first time. Students who do not pass the second time will be referred to the GRC committee as outlined above. Questions concerning the CECE should be directed to the CMHC coordinator/NBCC Liaison.

The department allows CMCH students to take the NCE or NCMHCE during their 8260 semester. For clarity, while a passing score on the CECE is required for graduation, taking the NCE or NCMHCE during the COUN 8260 semester is optional as students may take either exam post-graduation.

1. **Human Growth & Development** (COUN 8110)-studies that provide an understanding of the nature and needs of individuals at all levels.
2. **Social & Cultural Foundations** (COUN 8520)-studies that provide an understanding of issues and trends in a multicultural and diverse society.
3. **Helping Relationships** (COUN 8010; COUN 8030;)-studies that provide an understanding of counseling and consulting processes.
4. **Group Work** (COUN 8360)-studies that provide an understanding of group development, dynamics, counseling theories, group counseling methods and skills, and other group work approaches.
5. **Career and Lifestyle Development** (COUN 8226)-studies that provide an understanding of career development and related life factors.
6. **Assessment** (COUN 8230)-studies that provide an understanding of individual and group approaches to assessment and evaluation.
7. **Research and Program Evaluation** (TED 8010/HPER 8030;)-studies that provide an understanding of types of research methods, basic statistics, and ethical and legal considerations in research.
8. **Professional Orientation & Ethics** (COUN 8010/8040)-studies that provide
an understanding of all aspects of professional functioning including history, roles, organizational structures, ethics, standards, and credentialing.

**School Counseling (SC)**

School Counseling students will complete a written comprehensive exam during the COUN 8330 Fall semester. The exam will require two essay questions covering the ASCA Model components and strategies for implementing a school counseling program, along with personal and professional philosophy of SC. The essay exam requires candidates to demonstrate mastery of CACREP standards throughout the ASCA National Model components. Questions will be scored by a team of core faculty and part-time instructors with specialties in school counseling. When graded, the department chair will notify the student via electronic mail stating the student’s pass/failure/rewrite status. If students do not pass the exam on the second try they will be referred to the GRC as outline above.

- Students who fail one question on their written comps will be required to re-write this question during the same semester.
- Students who fail more than one question on their written comps will be required to do a complete re-write in order to graduate.
- Students who fail a portion of the exam are required to rewrite failed question(s) during the same semester.

School Counseling students will also complete an electronic portfolio capstone project during the COUN 8460: Advanced Internship Spring semester. This is an ongoing project with final submission for approval by March 15 during the semester you are enrolled in COUN 8460.

The **Praxis II Professional School Counselor Content Area** is a State of Nebraska requirement for adding the school counseling endorsement to teaching certificate. The Praxis II is not a requirement for completion of the UNO Counseling Degree. You should check with the states outside of Nebraska if you are considering relocating out-of-state for employment.

**Student Affairs in Higher Education (SAHE)**

The comprehensive exam for students affairs occurs in the last semester of the program. The comprehensive exam will be administered on-line.

**Licensure/Certification & Endorsement**

**Clinical Mental Health Counseling (CMHC)**

- The CMHC concentration’s CACREP-status allows CMHC students to sit for the National Counselor Exam (NCE) and/or the National Mental Health Counselor Exam (NCMHCE) prior to graduation. This is not a graduation requirement but an option for students who want to take the exam prior to graduating. **
- Graduates of the CMHC concentration are eligible to apply for licensure as a Provisional Mental Health Professional (PLMHHP) in Nebraska upon the conferring of their degree (shortly after graduation-check with UNO registrar for specific date) without passing the...
NCE or NCMHCE. A passing score on the NCE or NCMHCE must be attained prior to apply for full licensure. If a student desires to be licensed in a State other than Nebraska, it is the students responsibility to determine the requirements for that State’s licensure.

- Students who also complete COUN 8686 and COUN 8696 and complete 300 practical training hours in the 12 core functions of an addiction counselor under the appropriate supervision are eligible for provisional licensure as a drug and alcohol counselor (PLADC) in Nebraska.
- Students in CMHC should consistently review the State of Nebraska’s Department of Health and Human Services website for information on the licensing parameters in NE and across each state.
- The Nationally Certified Counselor (NCC) is another common credential for licensed mental health professionals. Given the CMHC concentration’s CACREP-accreditation, the NCC is available to program graduates soon after graduation. Detailed information on the NCC, state licensure requirements, as well as contemporary professional issues can also be found on the NBCC website.

**National Counselor Exam (NCE)/National Clinical Mental Health Counselor Exam (NCMHCE)**

The policy of the UNO Counseling Department is to grant permission for students to sit for the NCE or NCMHCE under the following conditions:

1. The NCE or NCMHCE is permitted to be taken during the same semester as the CECE and COUN 8260 with department permission.
2. The department’s NBCC liaison will notify students about registration procedures and timelines via the department listserv. Registration for the NCE or NCMHCE is done 1 semester prior to the semester you sit for the exam. Summer graduates should plan to take the NCE or NCMHCE in the Spring semester prior to their graduation. Note: Registration for the spring exam will be in the Fall semester!
3. Student has been granted permission by the department’s NBCC Liaison to register for the NCE or NCMHCE through NBCC. Once granted permission from the department’s NBCC Liaison, NBCC takes over the process from the department and will notify student of all test dates and timelines via the student’s UNO email.

**School Counseling**

School Counseling (SC) concentration graduates with undergrad teaching degrees who complete the 48 credit degree plan--and SC students without teaching degrees who complete the 60 credit “alternative endorsement” degree plan-- are eligible to become Licensed School Counselors in Nebraska. Information regarding licensure in NE is available at the NE Department of Education generally and at the links below:

http://www.education.ne.gov/cared/
http://www.education.ne.gov/tcert/Gtcheert.html

**Student Endorsement Policy**

Students interested in obtaining a faculty member’s recommendation or support letter for future employment or studies should consult directly (i.e., face-to-face) with the faculty member. While faculty members regularly seek to support students in securing employment or matriculating into post-graduate academic programs, faculty members are under no obligation to provide a recommendation or support letter to a student. Upon successful completion of the requirements for graduation, the student will be provided with the necessary paperwork for licensing, endorsement, or credentialing as required by the State of Nebraska. Students can work with the faculty and department chair to determine what
information that can be supplied for other States. It is not guaranteed that requirements can be met for requirements outside of Nebraska.

**Student Performance and Conduct Policies**

**Professional Comportment**

Graduate programs that prepare professional counselors have an obligation to protect the public and the profession. The UNO Counseling Department is charged with the task of preparing individuals to become professional counselors and student affairs professionals who work in a variety of settings and assume leadership and advocates in their profession. This obligation requires the Counselor Education program to assess dispositional competence in addition to a student-trainee’s knowledge and skills. Dispositions that may be assessed include, but not limited to, emotional stability and well being, interpersonal skills, professional development, and personal fitness for practice. In order to fulfill these responsibilities, counseling department faculty continuously evaluate students based on their academic abilities, clinical skills, interpersonal behavior, and professional conduct. Successful completion of one of the department’s graduate programs, as well as faculty endorsement for licensure and other professional pursuits, depend on these factors.

Success in academic course work is only one component of becoming a successful counseling graduate. According to the 2014 ACA Code of Ethics F.8.c. Self-Growth Experiences, self-growth is an expected component of counselor education. Counselor educators are mindful of ethical principles when they require students to engage in self-growth experiences. Counselor educators and supervisors inform students that they have a right to decide what information will be shared or withheld in class. In order to ensure proper training and client care, a counselor-in-training must be able to demonstrate professional character, the ability to communicate well and convey warmth, genuineness, and respect, and empathy in interactions with others, including clients, classmates, staff, and faculty. Counseling students are expected to be able to demonstrate the ability to accept and integrate feedback, be aware of their impact on others, accept personal responsibility for their actions, express emotions appropriately, resolve conflicts, and demonstrate professional judgement in decision-making.

It is the aim of the UNO Counseling Department to foster ethical and professional behavior in our students in preparation for a career as clinical mental health counselors, professional school counselors, and student affairs/higher education professionals through an environment conducive to positive learning and teaching. Students are expected to be familiar and comply environment conductive to positive learning and teaching. Students are expected to be familiar and comply with the UNO Student Code of Conduct, expectations surrounding Academic Integrity, and the policies and standards published in the most recent edition of the UNO Graduate Catalog, the UNO Counseling Department’s Student Handbook, the Code of Ethics of the American Counseling Association, the American School Counseling Association, or the National Association of Student Personnel Administrators as applicable to the area of concentration. Student progress in the program may be interrupted for failure to comply with professional ethical standards, or when intrapersonal, interpersonal or professional behavior interferes with education and training requirements for self or others. Therefore, it is critical to become familiar with the policies and procedures of UNO, UNO Graduate Studies, the UNO Counseling Department, the counseling profession, and your chosen concentration area in order to create and maintain an environment that facilitates student learning and growth.
Deficient Professional Performance

The 2014 ACA Code of Ethics states that counselor educators clearly state to students, prior to and throughout the training program, the levels of competency expected, appraisal methods, and timing of evaluations for both didactic and clinical competencies. Counselor educators provide students with ongoing feedback regarding their performance throughout the training program (F.9.a Evaluation of Students). Counselor educators may require students to address any personal concerns that have the potential to affect professional competency (F.8.d. Addressing Personal Concerns). If students request counseling, or if counseling services are suggested as part of a remediation process, counselor educators assist students in identifying appropriate services (F.9.c. Counseling for Students).

As stated in F.9.b. Limitations, counselor educators, through ongoing evaluation, are aware of and address the inability of some students to achieve counseling competencies. Counselor educators assist students in securing remedial assistance when needed, seek professional consultation and document their decision to dismiss or refer students for assistance, and ensure that students have recourse in a timely manner to address decisions requiring them to seek assistance or to dismiss them and provide students with due process according to institutional policies and procedures.

As per the 2014 ACA Code of Ethics (F.5.b. Impairment), students and supervisees monitor themselves for signs of impairment from their own physical, mental, or emotional problems and refrain from offering or providing professional services when such impairment is likely to harm a client or others. They notify their faculty and/or supervisors and seek assistance for problems that reach the level of professional impairment, and, if necessary, they limit, suspend, or terminate their professional responsibilities until it is determined that they may safely resume their work. It is a professional judgment as to when a graduate student’s behavior becomes severe enough to be considered deficient rather than just problematic. A deficiency refers to a trainee’s behavior that is perceived not to be unexpected nor excessive for professionals in training. Deficiency’s become identified when the student demonstrates one or more of the following characteristics:

- a problem that is not merely a reflection of a skill-deficit which can be remediated by academic or didactic training;
- personalization, psychopathology, interpersonal relationship issues or personal attitudes or value systems that conflict with effective counseling or competency;
- lack of professional comportment;
- unethical behavioral;
- lack of acknowledgement, understanding, or willingness to address the deficiency when it is identified,
- therapeutic services are sufficiently negatively affected;
- a disproportionate amount of attention by training personnel is required, and/or,
- the trainee’s behavior does not change as a function of feedback, remediation efforts, and/or time.

Failure to perform in a reliable, competent, and ethical manner, or exhibiting conduct that results in being terminated by a field site for practicums or internship will necessitate a review by the faculty and possible remediation, suspension or dismissal of the student from the UNO Department of Counseling.

Code of Community Standards

UNO is an educational environment dedicated to fostering intellectual achievement, personal development, and social responsibility. For students to learn to live and work successfully with others, they must respect for and be responsible to others members of the community, including other students, members of the faculty and staff, and residents of the Omaha community. By establishing a code of standards, the counseling department seeks to ensure a fair and just
community by promoting student responsibility, accountability, and ethical decision making to facilitate individual awareness and assist students in actively engaging as responsible members of their various communities.

**Student Conduct**
Students are expected to abide by the UNO Student Code of Conduct, found on the UNO website at [https://www.unomaha.edu/student-life/student-conduct-and-community-standards/_docs/STUDENT-CODE-OF-CONDUCT-2016.pdf](https://www.unomaha.edu/student-life/student-conduct-and-community-standards/_docs/STUDENT-CODE-OF-CONDUCT-2016.pdf). Further, students are expected to exhibit the personal and professional character expected of a professional counselor. This includes, but is not limited to, adherence to the current ethical standards of the counseling discipline broadly and the student’s specialization area (e.g., ACA; ASCA; NASPA).

**Discrimination and Sexual Harassment**
The University of Nebraska does not discriminate based on race, color, ethnicity, national origin, sex, pregnancy, sexual orientation, gender identity, religion, disability, age, genetic information, veteran status, marital status, and/or political affiliation in its education programs or activities, including admissions and employment. The University prohibits any form of retaliation taken against anyone for reporting discrimination, harassment, or retaliation for otherwise engaging in protected activity.

UNO’s Office of Civil Rights Compliance is responsible for ensuring compliance with applicable laws, regulations, and policies governing discrimination and harassment. Inquiries surrounding accessibility, discrimination/harassment, and or Title IX should be directed to UNO’s Office of Civil Rights Compliance [https://www.unomaha.edu/university-compliance/civil-rights/index.php](https://www.unomaha.edu/university-compliance/civil-rights/index.php)

**Attendance/Participation**
Individual instructors have discretion to implement policies regarding class attendance and/or participation for their courses. All such policies will be communicated to students in writing through the course syllabus. With valid documentation from the UNO Accessibility Services Center, Instructors will work with Accessibility Services to ensure attendance/participation issues are appropriately accommodated.

The UNO Counseling faculty expects students to attend, be punctual to, be actively engaged in, and behave professionally/ethically in all classes regardless of format (classroom/remote/fully-online). Students are expected to engage in a manner that facilitates a positive learning environment for everyone. Disruptive behavior such as arriving late, leaving early, arriving under the influences of substances, side-discussions in class, talking over or interrupting other students, and actions that inhibit or disparage the contributions of others are not acceptable, nor are aggressive/volatile behaviors that lead to a negative learning or working environment. If such behaviors occur, faculty are supported in asking students to leave the class and/or withdraw from the course. Faculty has the right to address inappropriate, unprofessional, and uncivil behaviors directly with me or other students in a timely manner and to report any concerns to the full department faculty and the Graduate Review Committee.

**Academic Integrity**
Academic integrity is central to our mission to educate students in a multicultural and pluralistic society for responsible citizenship and ethical leadership. UNO and the Counseling Department expect all students to adhere to the **UNO Academic Integrity** code as an essential component for building an academic community committed to excellence and scholarship. Students are expected
to be familiar with-and abide by-the UNO Academic Integrity Policy. Any student found responsible for violating the policy on academic integrity may be subject to both academic disciplinary actions. Violations of the policy on Academic Integrity include, but are not limited to, the following:

1. Cheating
2. Plagiarism
3. Abuse of Academic Materials and/or Equipment
4. Complicity in Academic Dishonestly
5. Falsifying Grade Reports
6. Misrepresentation to Avoid Academic Work
7. Originality
8. Other Academic Issues

Detailed explanations of the 8 areas comprising Academic Integrity located at UNO:
https://www.unomaha.edu/campus-policies/academic-integrity.php

Quality of Work

Students in the UNO Counseling Department must be aware of the “Quality of Work Standards” of the UNO Office of Graduate Studies and satisfactory performance details outlined in the UNO Counseling Department, including all syllabi. The UNO Quality of Work address reasons for automatic dismissal, probation, student responsibilities, academic appeal processes, and policies for reinstatement into a graduate program. Detailed explanations are available at https://www.unomaha.edu/graduate-studies/current-students/quality-standards.php.

Grades

Graduate Students enrolled at UNO must maintain an overall GPA of "B" (3.0) in all graduate coursework taken as part of their degree. Grades of "C-" or below will result in automatic dismissal from the Graduate Studies program and may not be applied towards a graduate plan of study. If a student re-registers for a course to improve their grade, they must work with the Office of the University Registrar to note this on their transcript.

Administrative Policies and Procedures Regarding Student Conduct

Graduate Review Committee (GRC)

The Graduate Review Committee (GRC) is an UNO Department of Counseling committee consisting of a minimum of three core Counseling Department faculty members and the committee chair. The GRC may address and render decisions related to departmental policy and procedure, student conduct, student
academic performance, student dispositional conduct related to professional ethical standards, as well as student grievances (i.e., departmental/course policy, student conduct, grade appeal). The GRC also advises the Department Chair and the Graduate Studies program on student dismissals and reinstatements.

**Student Remediation & Dismissal**
The department follows the UNO Graduate Studies policy regarding placing a student on probation or dismissal from the department. Students who are attending classes also remain subject to remediation or dismissal if the department’s Graduate Review Committee (GRC) recommends such action based on review of the student’s documented previous performance and conduct.

**Student Remediation Process**
The faculty reviews student progress on a regular basis and attends carefully to assist students in need. In alignment with the ACA Code of Ethics and CACREP accreditation standards, the faculty developed the following student evaluation and remediation procedures. These guidelines are designed to help faculty consider academic abilities, clinical skills, and professional dispositions when evaluating student progress.

Professional dispositions are used to identify strengths and concerns. These dispositions include behaviors such as your openness to feedback from faculty and peers; your self-awareness of your values and beliefs; your commitment to professional identity, advocacy, and collaboration; your personal wellness; and your professionalism in all aspects of the program. Especially critical is adherence to the ACA Code of Ethics. We expect students to strive for excellence in each of these areas as an indicator of their ability to embody these as professional counselors when they graduate from our program.

We believe that early, consistent, and strength-based attention to student development is essential for your success as a counselor. In addition, CACREP requires that we regularly review and document student academic performance, clinical skills, and professional dispositions. At times, the faculty may identify concerns related to academic performance, clinical skills, and/or dispositions that require additional attention in order to ensure success in the program and as a professional counselor. This identification may take place as part of regularly-scheduled faculty meetings or may begin with an individual instructor or advisor’s observation. When the faculty is aware of concerns that may impact student success, we will take the following steps to support student progress in the program.

1. **Meeting with Instructor and/or Advisor:** As a first step to supporting student progress, an instructor and/or advisor may request a meeting with a student. During this meeting, faculty member(s) will share observations or specific examples of difficulties noted in class, during field experience, or during student review meetings. The faculty member(s) will work with you to explore this area of difficulty, and will discuss expectations and procedures for change. Following the meeting, the faculty member(s) will send you an documentation summarizing your conversation, salient points made during the meeting, and action steps to which you’ve agreed. The faculty member(s) will ask you to reply to the documentation within 3 days with your feedback and confirmation of understanding. Following this process, the faculty member(s) will provide a brief report and plan for moving forward during a regularly-scheduled faculty meeting. If a resolution is not met during this meeting, the concern will be escalated to step 2. All documentation generated in this process will be kept in the student’s file.

2. **Meeting with the Department Chair:** If a resolution is not reached in this meeting, the faculty member will inform the department chair. The department chair will submit a written request via UNO email to meet with the student to evaluate the situation and provide a recommendation for
resolution. The department chair may ask that the student and faculty member/advisor submit any pertinent documentation prior to this meeting. If possible, the student’s advisor may be present in this meeting. Following the meeting, the department chair will send you documentation summarizing your conversation, salient points made during the meeting, and action steps to which you’ve agreed. The department chair will ask you to reply to the documentation within 3 days with your feedback and confirmation of understanding. Following this process, the department chair will provide a brief report and plan for moving forward during a regularly-scheduled faculty meeting. All documentation regarding this process will be kept in the student’s file.

3. **Student Remediation Plan (SRP):** If the concern is on-going or is critical (e.g., was already addressed via advisor or instructor meeting, may impact ability to move forward in field experience, constitutes an ethical violation, includes client safety), the department chair and/or advisor may recommend that the issue go to the Graduate Review Committee (GRC).

   a. If a concern is brought to the GRC the student will be contacted via email by the chair of the GRC and provided a brief overview of the concern. The student will be asked if they have any additional information they would like to be considered.

   b. Prior to this meeting, the GRC and committee members review the student concern and reach out to the student to provide an opportunity for a student to respond to the concerns. The GRC chair will collaborate with the student to explore the concerns identified and the student’s opinion of the steps for resolution.

   c. The GRC will meet within 14 days of the concern being brought to the GRC chair. During the meeting the faculty will review the concerns, any additional information provided by the student, and all information collected from the GRC chair in their correspondence with the student. The purpose of this committee meeting will be to explore the concern and develop a formal Student Remediation Plan (SRP).

   d. Following the meeting, the GRC chair will draft a SRP which will serve as a contract clearly stating areas that need to be improved upon, methods and time frame needed for improvement, who the faculty member will be that collaborates with the student to ensure the areas of concern have been addressed, and next steps should the student be unable or unwilling to adhere to the SRP.

   e. Within seven (7) days after receiving the GRC’s written decision, the student will notify the GRC chair via UNO email with their decision to accept or decline the GRC’s decision/recommendations for the SRP.

The SRP will include specific details regarding follow-up tasks or responsibilities. Students and faculty members can continue to work together to update, amend, or discontinue plans as needed; students will also receive and have opportunity to sign SRP updates, and SRP updates will also be kept in the student’s file. Throughout the process, the faculty will work to ensure SRPs are developed in a positive, proactive manner and using strategies consistent with ACA Code of Ethics and best practices related to student review and remediation.

**Insufficient Progress, Withdrawal, Advising**

In most cases, the steps identified in the SRP are sufficient for supporting growth in the academic, clinical, and/or disposition areas of concern. However, if the student does not make progress as specified in the SRP or new concerns emerge, the faculty will explore the degree to which the student will be able
to meet academic, clinical skills, and professional dispositions required by the program. If the faculty believes the student will be able to meet program expectations, the faculty may continue or enhance the SRP. If the faculty believes the student to be unable or unwilling to meet program requirements, the faculty may vote to recommend withdrawal or dismissal from the program. Recommendations for withdrawal or dismissal are forwarded to the Department Chair who will review and make recommendations to the Graduate Studies office for a final decision. Recommendations will also be made to the student and the GRC. Consistent with ethical standards, program faculty will support the student by providing referrals for academic and career advising. All documentation regarding this process will be kept in the student’s file.

Grade Appeal Policy

1. Students who wish to appeal a grade they believe was capriciously or arbitrarily given shall first discuss the matter with the instructor within 15 days of the final course grade posting.
2. If a resolution is not reached between the student and the instructor, the student may submit a written appeal to have their grade appeal heard by the department’s Graduate Review Committee (GRC). To do so, a written request must be submitted to the chair of the GRC via UNO email no later than 4 weeks after the final grade posting and shall contain the following information:
   a. Name, address, phone number(s), and student identification number of student submitting the appeal;
   b. Name of course and instructor associated with the grade appeal;
   c. Concise reasoning for the grade appeal;
   d. The nature of the relief being sought (i.e., grade change)
   e. A statement indicating that steps 1 & 2 were followed, resulting in no resolution.
   f. Written documentation of action(s) taken in steps 1 and 2 to resolve the grade disagreement, including but not limited to all written correspondence between student, instructor, and/or department chair.
   g. Documentation supporting the grade appeal (specific assignments, course syllabus, instructor/student communications, ASC documentation).
3. Upon receipt of the student’s written grade appeal request to the chair of the GRC, the GRC chair will notify the department chair and full GRC committee of the student’s request. The GRC chair will also provide GRC committee members with the student’s written documentation per step 2.
4. The GRC will meet to discuss the student’s appeal within fifteen (15) working days of their formal notification from the GRC chair. The GRC committee will review all documents related to the grade appeal. The committee may also seek additional written documentation or verbal, in-person testimony from the student, instructor, or department chair. Following review of all documentation and/or verbal testimony, the GRC chair will render a written decision on the grade appeal to the Department Chair and the student providing the committee’s final decision.
5. Within seven (7) days after receiving the GRC’s written decision, the student will notify the GRC chair via UNO email with their decision to accept or decline the GRC’s decision/recommendations.
6. If the student declines the GRC’s decision/recommendations. The student may submit a written request to meet with the Counseling Department Chair in order to identify other
options for resolving the appeal. The appeal must be submitted via UNO email to the Department Chair no later than 7 days following notifying the GRC of the student’s decision and shall include the following information:

a. Name, address, phone number(s), and student identification number of student submitting the appeal;
b. Name of course and instructor associated with the grade appeal;
c. Concise reasoning for the grade appeal;
d. The nature of the relief being sought (i.e., grade change);
e. A statement indicating that steps 1-5 were followed, resulting in no resolution.
f. Documentation supporting the grade appeal (specific assignments, course syllabus, instructor/student communications, ASC documentation).

7. The Department Chair will render a final decision on the grade appeal within 7 days of receiving the appeal request from the student.

**Policies and Procedures for Reinstatement**

Failure to perform in a reliable, competent, and ethical manner, or exhibiting conduct that results in being terminated by a field site for practicums or internship will necessitate a review by the faculty and possible remediation, suspension or dismissal of the student from the UNO Department of Counseling. Students may also be dismissed from the program by the Graduate Studies Office as a result of not meeting the Quality of Work Standards. If students have not complied with the policies and procedures outlined by the department and University and have been dismissed from the Graduate College they will receive notification from the Graduate College. Students have the option to appeal the dismissal which will be included in the notification from the Graduate College. To be considered for reinstatement into the program, the student must contact the Counseling Department Chair and request reinstatement including the reasons for the request. The Department Chair will then notify the Graduate Review Committee (GRC) that the student is requesting reinstatement and supply any written documentation regarding the student’s dismissal and reasons for requesting reinstatement. The GRC committee will meet and review the request within 30 days of receipt of the request. Recommendations regarding the reinstatement request will be made to the Department Chair who will review and approve the final recommendations to be made the Graduate College. The Department Chair will then notify the Graduate College and the student regarding the reinstatement decisions along with any recommendations or stipulations. The final decision for reinstatement will be made by the Graduate Studies office after receiving the recommendations from the department.

**Student Grievance Policy**

1. Students who wish to submit a grievance specific to an issue within the UNO Department of Counseling shall first discuss and document the matter with the specific instructor or individual(s)/clinical site with whom the problem is occurring.

2. If a resolution is not reached between the student and the individual(s), the student shall meet in-person with their assigned departmental faculty advisor to discuss other options for resolution. Prior to this meeting, the student must submit written documentation to the advisor, via UNO email, with the following information:
   a. Name, address, phone number(s), and student identification number of the student with the grievance;
b. Name of individual(s)/site with whom the student is having a problem;
c. Concise description of the specific grievance(s);
d. Description & timeline of previous attempts to seek a resolution to the problem;
e. Statement verifying the student has followed step (a) of this process without a resolution.

3. If a resolution is not reached between the student and the individual/advisor, the student may submit a written appeal to have their grievance heard by the department’s Graduate Review Committee (GRC). To do so, a written request must be submitted to the chair of the GRC via UNO email with the following information.
   a. Name, address, phone number(s), and student identification number of the student with the grievance;
b. Name of individual(s)/site with whom the student is having a problem;
c. Concise description of the specific grievance(s);
d. Description & timeline of previous attempts to seek a resolution to the problem;
e. Statement verifying the student has followed step 1 and 2 of this process without a resolution.

4. Upon receipt of the student’s grievance, the GRC chair will notify the department chair and full GRC committee of the student’s grievance. The GRC chair will also provide GRC committee members with the student’s written documentation per step 3.

5. The GRC will meet to discuss the student’s grievance within fifteen (15) working days of their formal notification from the GRC chair. The GRC committee will review all documents related to the grievance. The committee may also seek additional written documentation or verbal, in-person testimony from the student, instructor, or department chair.

6. Following review of all documentation and/or verbal testimony, the GRC chair will render a written decision on the grievance to the Department Chair.

7. Within seven (7) days after receiving the written decision, the GRC and the Department Chair, will provide the departments final decision and possible additional steps in the grievance process to the following individuals:
   a. Student
   b. Instructor
   c. Dean of Graduate Studies and Research

---

**Academic, Profession, and Personal Resources**

**Financial Aid**
Graduate students at UNO are eligible to apply for assistance through federal work-study, loans, grants, scholarships, fellowships, and graduate assistantships. Requirements regarding qualification for assistance and a description of application procedure can be found on the UNO Financial Aid Webage. Student who want to know more are encouraged to make an appointment with the financial aid office through MAVTRACK.

**Graduate Assistantships**
The Counseling Department offers two Graduate Assistantships in the department.

---

UNO Counseling Department Student Handbook – Revised Fall 2022
Graduate Assistants work closely with the faculty and department chair regarding duties required. Graduate assistants are provided with a monthly stipend, tuition remission, and eligibility for subsidized health insurance. Office space and access to computerized word processing equipment is provided to all graduate assistants. Graduate assistants are expected to work twenty (20) hours per week and enroll as full time. Graduate students in counseling are also encouraged to apply for assistantships in other departments as well as in the Counseling Department.

**Personal Counseling**

The Counseling Department strongly encourages students to seek personal counseling as a means for personal and professional growth and development. Ethical standards preclude department faculty from providing personal counseling to degree seeking students (ACA, 2014; F.10.e), but faculty will readily provide students with a safe and confidential environment for processing personal and professional issues. When appropriate, faculty will assist students in connecting with appropriate counseling or other services.

Free counseling services are available to students through the UNO Counseling and Psychology Services program. Information on these services can be found on their website linked above. Counseling students are not allowed to receive services in the department’s Community Counseling Clinic.

**Professional Organizations**

Students are encouraged to join counseling-related organizations as a means of enhancing their professional growth. The following organizations are suggestions:

**Chi Sigma Iota (CSI: https://www.csi-net.org/)**

CSI is an international honor society that values academic and professional excellence in counseling, including promotion of a strong professional identity as professional counselors, counselor educators, and counseling students who contribute to the realization of a healthy society by fostering wellness and human dignity. UNO’s chapter is Upsilon Nu Omicron and Dr. Elizabeth Tolliver and Dr. Charmayne Adams serve as faculty advisors. CSI’s mission is to promote scholarship, research, professionalism, leadership, advocacy, and excellence in counseling, and to recognize high attainment in the pursuit of academic and clinical excellence in the profession of counseling. Students are eligible to apply for membership in CSI/UNO upon the satisfactory completion (3.5 or higher GPA) of nine or more credit hours in their coursework in the Department of Counseling.

**American Counseling Association (ACA: https://www.counseling.org/)**

The mission of the American Counseling Association (ACA) is to enhance the quality of life in society by promoting the development of professional counselors, advancing the counseling profession, and using the profession and practice of counseling to promote respect for human dignity and diversity.

ACA is the world's largest association exclusively representing the community of counselors in various practice settings. ACA provides you with professional development, continuing education opportunities, advocacy services, credibility, and networking opportunities. ACA helps counseling professionals like you develop your skills and expand your knowledge base.
As the world's largest association representing professional counselors in various practice settings, the American Counseling Association stands ready to serve nearly 55,000 members with the resources they need to make a difference. From webinars, publications, and journals to Conference education sessions and legislative action alerts, ACA is where counseling professionals turn for powerful, credible content and support. Whether you are a seasoned professional or starting your career, the resources and services provided through your membership will:

1) Expand your knowledge and enhance your skills
2) Grow your network
3) Demonstrate your commitment to the counseling profession and those you serve
4) Help you save on products and services with exclusive discounts
5) Students, retirees, and recent graduates can receive discounted memberships

Nebraska Counseling Association (NCA: https://www.necounseling.org/)

The Nebraska Counseling Association is an organization of counseling and human development professionals who work in educational, health care, residential, private practice, community agency, government, and business and industry settings. The mission of the Nebraska Counseling Association is to enhance human development throughout the life span and to promote the counseling and human development profession.

American Mental Health Counselors Association (AMHCA: http://www.amhca.org/home)

The American Mental Health Counselors Association (AMHCA) is a growing community of more than 7,000 clinical mental health counselors. Together, we make a critical impact on the lives of Americans. AMHCA succeeds in giving a voice to our profession nationwide and in helping to serve you and your colleagues in your state.

American School Counselor Association (ASCA: https://www.schoolcounselor.org/)

The American School Counselor Association (ASCA) supports school counselors’ efforts to help students focus on academic, personal/social/career development so that they may achieve success in school, and so that they are prepared to lead fulfilling lives as responsible members of society. ASCA provides professional development, publications, and other resources, research, and advocacy efforts to more than 33,000 professional school counselors around the globe.

Nebraska School Counselor Association (NSCA: https://www.schoolcounselor.org/)

The Nebraska School Counselors Association is affiliated with the American School Counselors Association (ASCA), the national division. ASCA is a division of the ACA. The mission of the NSCA shall be to provide professional development and educational opportunities for professional school counselors. The organization shall be to represent professional school counselors, and to promote professional and ethical practices. The NSCA is the foundation to foster and influence a professional relationship and image among school counselors. The NSCA empowers professional school counselors to maximize the knowledge, skills, and resources to promote and advocate for student success in the school, home, community, and world.
National Association of Student Personnel Administrators (NASPA: https://www.naspa.org/)

NASPA is the leading association for the advancement, health, and sustainability of the student affairs profession. NASPA serves a full range of professionals who provide programs, experiences, and services that cultivate student learning and success in concert with the mission of colleges and universities.

Established in 1918 and founded in 1919, NASPA is comprised of 13,000 members in all 50 states, 25 countries, and 8 U.S. Territories. Through high-quality professional development, strong policy advocacy, and substantive research to inform practice, NASPA meets the diverse needs and invests in realizing the potential of all its members under the guiding principles of integrity, innovation, inclusion, and inquiry.

NASPA members serve a variety of functions and roles, including the vice president and dean for student life, as well as professionals working within housing and residence life, student unions, student activities, counseling, career development, orientation, enrollment management, racial and ethnic minority support services, and retention and assessment.

### Total Credits

- M.S. (with teaching certificate & no thesis): 48 credits (CACREP-accredited)
- M.S. (with teaching certificate & Thesis): 54 Credits (CACREP-accredited)
- M.S (via Alternative Endorsement & no thesis): 60 Credits (CACREP-accredited)
- M.S. (via Alternative Endorsement & thesis): 66 Credits (CACPREP-accredited)

### Alternative Endorsement Option

The Alternative Endorsement is required by the Nebraska Department of Education and requires those without a bachelor's degree and/or teaching certificate in education to complete 12 credits hours in addition to the 48-credit curriculum. These courses include:

1. **Required Courses**
   a. TED 8390: Classroom Management in Practice (Summer)
   b. TED 8540: Intro to Technology Tools for Learning (Summer)

2. **Electives (Select two of the following)**
   a. TED 8180: Culturally Responsive Teaching (Fall & Spring)
   b. TED 8060: Current Issues and Trends in Education (Spring & Summer)
   c. TED 8130: Language, Culture, & Power (Summer)
   d. TED 9200: Critical Pedagogy: Teaching for Social Justice (Summer)

Background Check Procedures*
*To be completed prior to first semester as degree seeking student.

UNO Counseling Department | Background Check Procedures
Background checks are required for all students prior to entering the department and/or prior to enrollment in either the school or clinical mental health specialization practicum. Background checks are completed through OneSource. Please follow the appropriate procedures below. Receiving results can take up to a few weeks depending on DHHS response time.

Instructions:
1. Go to OneSource to begin: https://onesourcebackground.com/students-2
2. Click on University of Nebraska - Omaha
3. Click on Department of Counseling | Background Check
4. Click on SIGN General Release
5. Follow the instructions to sign the document through Adobe Document Cloud
6. Pay the fee required.
7. In the following hours/days, you will receive an email from DHHS (Department of Health and Human Services - Nebraska) with a link to complete a separate background check for the state. You will have 30 days to complete the DHHS background check or a $5.00 fee will be required to resend you a new link.
