UNO Teacher Preparation Key Learnings

By the end of the course, candidates will be expected to know and be able to apply the following key learnings. Guidance, coaching and performance in the classroom should support each key learning throughout the experience.

MUS 3640

- 1) 8(e) The teacher provides multiple models and representations of concepts and skills with opportunities for learners to demonstrate their knowledge through a variety of products and performances.
- 2) 10(a) The teacher takes an active role on the instructional team, giving and receiving feedback on practice, examining learner work, analyzing data from multiple sources, and sharing responsibility for decision making and accountability for each student's learning.
- 3) The teacher individually and collaboratively selects and creates learning experiences that are appropriate for curriculum goals and content standards, and are relevant to learners.
