GRADUATE STUDENT RESEARCH
Featuring: Hyun-Sung An & Alyssa Keill
University of Nebraska, Omaha

November 20, 2015 | 12:00 - 1:30 pm | 112 HPER

ABSTRACT
Hyun-Sung An will be presenting research on his project, “Utilization of Wearable Activity Trackers on Physical Activity.”

Alyssa Keill will be discussing her research examining the validity of wearable fitness trackers for detecting sleep.

ABOUT OUR PRESENTERS
Doctoral Degree student Sean An and Masters Degree student Alyssa Keill are both under the faculty advisement of Dr. Jung-Min Lee, an Assistant Professor in the School of Health, Physical Education and Recreation, as well as a member of the Center for Human Movement Variability at the University of Nebraska, Omaha.
