

DEPARTMENT OF COUNSELING

2017 PROGRAM OUTCOMES REPORT

MISSION STATEMENT

The mission of the UNO Counseling Department is to provide high quality training and curricular experiences to masters-level candidates, leading to eligibility for professional counselor certification and licensure. We educate academically grounded and clinically skilled counselors who are competent to work with diverse clients and in a variety of settings, with special emphasis on issues that emerge in a metropolitan environment. Through implementation of a rigorous CACREP accredited program, candidates will acquire knowledge and skills to practice effectively and ethically, develop as critical and innovative thinkers, and become leaders in the counseling profession and in their particular specialization.
