| **Candidate Expectations**| • Attend an IEP Meeting (SAT/MDT)  
|                          | • Develop and write an IEP with the classroom teacher  
|                          | • Implement strategy instruction  
|                          | • Plan and implement a series of lessons with a small group  
|                          | • Use co-teaching strategies as appropriate  
|                          | • Utilize experience to complete progress monitoring project (8 weeks)  
|                          | • Monitor progress and collect data toward IEP goals  
|                          | • Give student informal and formal assessment and analyze the results  
|                          | • Log hours in LiveText |
| **Classroom Teacher Involvement** | • Help the candidate understand the roles and responsibilities of a special education teacher  
|                          | • Allow the practicum candidate to attend MDT/IEP meetings  
|                          | • Help candidate identify strategies that would benefit students  
|                          | • Provide specific feedback and conferencing about lessons implemented  
|                          | • Allow candidate to collaborate in writing and IEP  
|                          | • Complete a midterm and final assessment in LiveText |
| **Supervision**          | • UNO Faculty |
| **Performance Assessment**| • Candidates, faculty and classroom teachers will complete a performance assessment via LiveText |
| **Necessary UNO Practicum Requirements** | • Candidates are expected to review the Field Experience Handbook prior to start of first practicum. A signature form will be required via LiveText.  
|                          | • Review and complete quiz online for each practicum course. |

*Changes in expectations are at the discretion of the instructor. The Office of Field Experiences will communicate with candidates via LiveText and/or UNO email. Please check your UNO email daily and your LiveText dashboard weekly.*
