

# NACLO 2024

## North American Computational Linguistics Olympiad

Hosted by the Computer Science Department @UNO

Are you good at solving puzzles? Do you enjoy logic games? Are you interested in languages? Are you high school or middle school student between the ages of 13-18? If so, you should compete in the 2024 North American Computational Linguistics Olympiad! No prior knowledge or experience with linguistics or second languages is required—all of the problems test problem solving and logical thinking abilities.

Winners of the invitational round will be eligible to represent North America at the International Linguistic Olympiad!
