IS 309 (UiA)**	Adv DB Systems -OR-						
ISQA 4300	Database Administration						
ISQA 4380	Distributed Technologies						
	12		0				

** Certificate in Information Technology (IT) Administration is designed for students who are interested in managing the complex technical infrastructure of today's organizations and is offered in partnership with University of Adger in Norway (UiA), a sister university to UNO. The following courses are offered through UiA but scheduled as ISQA 4000 courses on UNO's schedule for the spring semesters: IS 212 & IS 309

Through undergraduate certificates, the College of IS&T offers a path for individuals not holding a baccalaureate degree to advance their education along a focused, professionally-oriented course of study that can be applied later to a related bachelor degree program.

This matriculation form corresponds to UNO Catalog 2019-2020.

 $\hbox{*Students are responsible for prerequisite courses.}\\$ All courses must be C- or higher
