

MISSION

The Center for Public Affairs Research collaboratively produces and disseminates high-quality public scholarship about topics that impact the lives of Nebraskans.

VISION

			
COLLABORATIVE	PURPOSEFUL	ASPIRATIONAL	RESEARCH INTEGRITY
Fostering connections between faculty; scholars; students; and community, statewide, and national partners to produce transformative public scholarship.	Focusing on timely topics in order to provide inclusive and actionable solutions to improve the lives of Nebraskans.	Leading in the application of innovative and creative methods to conduct and communicate our research to further its impact in our community.	Conducting objective, high-quality research to create an evidence base for decision makers in Nebraska.

CPAR’s formal relationship with the U.S. Census Bureau gives it first-hand knowledge about the decennial census and ongoing survey efforts. CPAR helps Nebraskans learn about the latest population trends and new data products, provides engagement opportunities, and generates statewide connections/ collaborations between elected officials, planners, educators, the business community, media, policymakers, and others. We are so thankful for their creative, top quality, and team approach while serving as a key driver in the 2020 Census leading Nebraska to the 4th best self-response in the country.
