# April To June 2020 Survey Comparison

## COVID-19 IMPACT ON NEBRASKA NONPROFITS

The results the Nebraska Business Survey taken in April to June 2020 show how COVID-19 has changed the dynamics of Nebraska businesses. As the economy has evolved so has the landscape of Nonprofits compared to Profits. A comparison has been made regarding employment, revenue, working remotely, negative impact and top concerns.

### Employment and Revenue Impacts

### Organization's Top Concerns

\* The report was prepared by Alice McDonald, Sushant Timalsina, and Samuel Waechter-Cass, who are summer interns at the Yetter Institute of International Trade and Finance at UNL, under the direction of John Beghin.
