

ACCESS TO EXCEPTIONAL COLLABORATION

The College of Public Affairs and Community Service (CPACS) proudly serves as home to nationally ranked programs and award-winning faculty recognized as experts in their fields. CPACS was created in 1973 to ensure the university was responsive to the critical social needs of our city, state, and global community.

Our mission includes offering the highest-caliber educational programs to prepare students for leadership in public service and helping the community solve important problems.

Approximately 3,000 CPACS students each year pursue undergraduate, graduate, and doctoral studies in all of our academic and outreach programs. Our students learn the skills and develop the relationships necessary to address the social issues we face on a local and national level.

TOP RANKED PROGRAMS

CPACS has eight programs ranked in the Top 30 in the nation by U.S. News & World Report, 2022.
