

GUEST LECTURE #1

AMERICAN RED CROSS IN EMERGENCY MANAGEMENT

Guest Lecturer Ms. Angela Hage

Hello all!

I'm Angela Hage. I have been a Disaster Program Specialist with the American Red Cross for 1 year this month. I have a degree in Homeland Security and Emergency Management from Concordia University in Portland, Oregon. Before joining the Red Cross, I worked in emergency medicine for 2 years as well as multiple stints doing humanitarian work internationally in the Caribbean and South Pacific. I am passionate about fighting human trafficking in disaster settings, and one day hope to start my own non-profit in war torn regions of the Middle East. In my free time, I like to read, paddle board, and play volleyball.
