Do You Have The Cour**AGE** to Care?

**Thank You Care Consultants for the
Aging for having The Cour**AGE** to Care!**

Who are you?

Care Consultants for the Aging was started in Omaha in 1991. We are Nebraska's only Home Care Registry, where the Caregivers are Independent Contractors who work directly for the clients needing care. This is a great alternative to the well-known agency model and gives the clients total control of their home care service plan. Our target audience is any senior who wants to stay independent in their own home, but needs a little help with their daily routine.

What careers do you have to offer?

Care Consultants is always looking for great Caregivers! We require that all Caregivers are CNA's with a minimum of 6 months on the job experience in a facility and/or agency setting where they have learned

hands on client experience. Being that we are a Home Care Registry, our Caregivers much come with the experience needed to perform all levels of CNA work without additional training from our office. It is a great opportunity to use the full scope of your CNA while working directly for the client as an Independent Contractor.

Why should individuals work with your organization?

Our company is one of kind in this area. The benefits of being a Caregiver with Care Consultants is the flexibility to build your own client work schedule and learn how to be self-employed. There are great tax advantages of being an Independent Contractor in our country. You get to pick the clients you work for, you get to pick the hourly rate you are willing to work for (typically \$15-\$18 per hour) and you get to set your own schedule. We have a large client base that requires us to constantly grow our list of available Caregivers.

The industry is growing every day with seniors needing help in their homes. We would love to have anyone interested in being a Caregiver stop by our office and talk with one of our team members or visit our website at CareConsultants.com to fill out an application. On our website, you will learn all about our Registry and the advantages of being an Independent Contractor. Our office is located at 7701 Pacific Street, Suite 100 and our office hours are from 8:00-5:00 Monday-Friday.

If you have The Courage to Care, we'd love to hear from you!

Kyle Johnson
President & CEO
