

# UNIVERSITY OF NEBRASKA AT OMAHA GERONTOLOGY

Do You Have The Cour**AGE** to Care?

*giving seniors a gift of hope*

Dreamweaver Foundation is dedicated to fulfilling the dreams of seniors who are terminally ill, making their life-long dreams come true through incredible experiences they will never forget. We serve seniors who are at or below the federal poverty guidelines in the Greater Omaha Area, eastern Nebraska and western Iowa. The granting of a dream is a simple act, and yet the outcomes are profound. The positive impact we have seen motivates us to do everything we can to extend our reach and touch the lives of even more seniors.

A dream is a life experience; a long-awaited fishing trip, multi-generational family portraits, taking a lap around the track with Mario Andretti, a second chance at a first date. Each dream is very unique to the Dreamer. Once a nomination is received, a member of Dreamweaver contacts the Dreamer and the nominator and begins working through the process. Some dreams require extensive planning and take several months to grant. Others are fulfilled within a matter of days.

A terminal diagnosis sends both the Dreamer and their family into turmoil. Dreamers are burdened, isolated, and even redefined by their physical and mental limitations. Families, on the other hand, are overwhelmed by making critical medical care decisions and reconciling the future loss of a loved one. By inspiring good memories to be found despite the effects of a life-threatening illness,

Dreamweaver Foundation enhances emotional, social, and spiritual health of seniors and their loved ones, too. Dreams give the gift of hope.
