

MICROCREDENTIAL COURSE PROFILE

JUVENILE JUSTICE CERTIFICATE PROGRAM

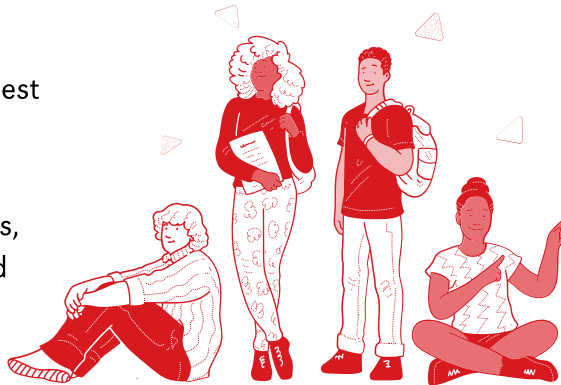

Course Description

The Juvenile Justice Certificate Program was developed in alignment with the UNO and School of Criminology and Criminal Justice strategic vision for ongoing workforce development and advancing the professionalism of the juvenile justice field.

The program is designed to grow participants' knowledge of “what works” and help develop skills they can apply directly with the youth and/or staff they serve. The program creates a safe space for learning by engaging in critical dialogue, self-reflection, and exposure to experiential opportunities.

Learning Objectives

1. Apply evidence-based best practices in the juvenile justice system.
2. Evaluate current policies, propose evidence-based alternatives.
3. Analyze historical and contemporary issues in Nebraska's juvenile justice system.
4. Develop leadership for implementing evidence-based practices.
5. Establish networks for knowledge sharing and support in juvenile justice.

Target Learner

Are you looking for an opportunity to enhance your skills working with at-risk youth? You will gain skills in evidence-based strategies such as motivational interviewing, group facilitation, restorative practices, and positive youth development. You will join a growing network of certificate participants and expand your knowledge through local and national juvenile justice experts.

Price

\$1,999

Length and Format

Participants meet monthly from September through May with both in-person and zoom meetings.

The program concludes with a completion celebration and capstone project presentation at the Nebraska Juvenile Justice Association Conference in May.

LEARNING-CENTRIC INITIATIVES

UNO IS NOW OFFERING MICROCREDENTIALS

Build on your incredible foundation. Advance your career with microcredentials.

These short-form offerings equip learners with in-demand skills that unlock opportunity and fill critical workforce gaps.

Partnering with subject matter experts within our city and university helps us understand what skills, talents, and training are high-priority in both new and existing graduates.

MICROCREDENTIAL FEATURES

Relevant + Excellent

Curriculum and instruction from a blend of campus and industry leaders.

Cutting-Edge Technology

UNO microcredentials are built in a dynamic learning environment and completion of a microcredential unlocks a digital badge that allows learners to clearly signal new skills.

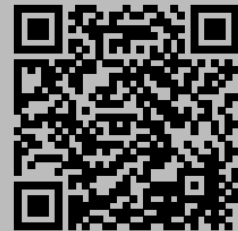

Accessible

UNO microcredentials are offered online and continue UNO's tradition of affordability to ensure cost isn't a barrier to opportunity.

Discover Our Offerings

Our city is our campus, and it's our goal to connect **learning opportunities** to **market needs** for every student and workplace.
