

# VOCATIONAL AND LIFE SKILLS MONTHLY DATA UPDATE

December 2016

Johanna Peterson, MA  
Research Coordinator  
Nebraska Center for Justice Research

# DATA OVERVIEW

## DECEMBER MONTHLY DATA: OVERALL PARTICIPATION AND COMPLETIONS

### OVERVIEW

---

Grantees use an online data management system to submit data on participants served under their Vocational and Life Skills programming. This data is due monthly and reflects all services provided during the previous month to participants. Evaluators at the Nebraska Center for Justice Research work with grantees directly to correct any data errors on an ongoing basis during monthly update calls and site visits.

Data presented below is from the monthly data pulls. Because this data comes from an active database with live data being entered and updated daily, data, including previously submitted information, may fluctuate depending on changes made from data entry oversights. These changes will be reflected in future monthly reports.

### NOTES ON DATA

---

Individuals participating in multiple programs are counted as a unique individual for each program.

Some participants will leave programming and then return to either finish programming they previously started or to receive additional services. These participations are not reported in this monthly report. The data reflects only the first participation in each program. This grant cycle, 22 participants have come back to receive additional programming from the same program.

Questions on data presented below can be directed to Johanna Peterson at the Nebraska Center for Justice Research ([jpeterson@unomaha.edu](mailto:jpeterson@unomaha.edu)).

## CONTENT AND DEFINITIONS

### PARTICIPANTS SERVED

---

New Participants: The number of participants beginning programming in the specified month who were not served by the program in previous months of the grant cycle.

Total Served: The number of unique individuals served during the month by programs. This is determined by calculating the number of participants that completed programming during the month and those who have not yet completed, but who are receiving services.

Successfully Completed: Participants who have completed overall programming during the month and programs have determined they have successfully completed. Successful completions vary widely both within programs and across programs. Most programs develop individualized plans for each participant. Therefore, successful completion does not mean the same thing for every individual.

Grant Cycle 2 Receiving Programming: The cumulative total of unique participants served by each program during Grant Cycle 2 (beginning July 1, 2016).

Grant Cycle 2 Successful Completions: The cumulative total of participants who have successfully completed overall programming during Grant Cycle 2 (beginning July 1, 2016).

### PARTICIPANTS EXITING PROGRAM

---

This table provides information on the exit status of participants who ended their participation in the overall program during the month. The exit status selected by programs for each participant are displayed.

### PROGRAM AREAS

---

Program areas were developed for each program this grant cycle to be able to provide a more complete picture of program participation for each participant. Each program divides their programming into different areas where participants receive services. Some participants only need one service while others may receive a multitude of services which may affect their program length. Beyond successfully completing the entire program, program areas show how participants are still actively participating in programming. They may complete one program area while still being actively involved in other program areas. They will not be shown as successfully completing the program until they have completed their program plan established by the program. In these monthly reports, a cumulative count of participants served in each program area is presented along with the status of those in that program area (completed, in progress, incomplete). Participants can be served in multiple program areas. These reports will show changes over time in how participants are moving through programming. Quarterly reports will explain program areas for each program in more detail.

## DECEMBER DATA

### PARTICIPANTS SERVED

Program	New Participants	Total Served	Successfully Completed	Grant Cycle 2 Receiving Programming	Grant Cycle 2 Successful Completions
Associated Builders and Contractors (ABC)	10	166	0	166	0
Bristol Station	10	36	3	81	26
Mental Health Association (MHA)	30	142	4	223	72
Metropolitan Community College (MCC)	11	391	4	528	89
ReConnect	11	276	0	278	0
ResCare	27	48	9	163	84
Center for People in Need-TRADE	16	37	20	90	62
