Executive Summary

The Vocational and Life Skills (VLS) program was created by Nebraska Legislative Bill 907 in 2014 with the purpose of easing the transition for individuals who reenter the community after incarceration. The VLS initiative is evaluated by the Nebraska Center for Justice Research (NCJR) to identify the impact service providers and programming have in increasing meaningful employment and prosocial lifestyle improvements among the justice-involved population. As part of the evaluation, NCJR provides trainings to support grantees as needed and provides feedback and information to the Nebraska Department of Correctional Services (NDCS) regarding the implementation process and data updates on a monthly and quarterly basis. NCJR utilizes feedback from NDCS and service providers to ensure accurate reporting. Questions on this report may be directed to the Research Coordinator, Katelynn Towne, at the Nebraska Center for Justice Research (ktowne@unomaha.edu).

Grantees use the Nebraska Inmate Case Management System (NICaMS) to submit data on participants served through the Vocational and Life Skills funding. The current data derives from an active database, from which data is being entered and updated daily. Data values, including previously submitted information, may fluctuate depending on the duration of lag between service delivery and data entry. One common example of this is when participants begin programming near the end of the month and grantee staff do not yet have intake information to enter for participants before the next data pull date. These changes will be reflected in future reports. NDCS staff and evaluators at NCJR work with grantees to manage data entry errors on an ongoing basis using email, phone, and site visit communications.

This report is submitted to the Nebraska Legislature on behalf of NDCS. This report contains 1) descriptions of the 14 funded organizations across the state, 2) a snapshot of participation across reentry programs, 3) program offering participations, and 4) descriptions of those offerings by funded programs (Appendix A).

Provider Descriptions

Associated Builders and Contractors (ABC)

ABC is part of a national company that provides trade-specific apprenticeship training and work-based learning opportunities for careers in the construction industry. ABC offers classes in correctional facilities and ABC facilities in Lincoln and Omaha.

Black Men United – Kumani Restorative Justice Center

The mission of BMU is to help Black men and boys flourish and support the development of the communities where they live, work and play. The KRJC strengthens local communities by providing justice-touched individuals holistic support to help them reconnect with their families, reintegrate back into their community, and restore their economic opportunities through employment and entrepreneurship education and support.

Community Alliance Rehabilitation Services

Community Alliance seeks to decrease recidivism and provide new opportunities and positive outcomes for individuals who were previously incarcerated and are struggling with mental illness and/or substance use disorders. The program will result in a safer community and provide support to individuals facing significant mental health and/or substance abuse challenges who are reintegrating into society after a period of incarceration.

Community Justice Center (CJC)

The CJC provides restorative justice programming and follow-up restorative reentry programs and services that adhere to restorative justice practices and the 5 Key Model for Reentry. They offer institutional and community programming that serves the needs of the population affected by harm.

Mental Health Association (MHA)

MHA provides peer-run behavioral and "wrap-around" support services in Lincoln. This holistic approach provides participants with access to services on an as-needed basis. Services include evidence-based programming and peer-group activities that are provided in residential and facility settings.

Metropolitan Community College (MCC)

MCC is a public education institution that supports the RAP 180 program to provide education and work readiness training both within prison and on the Omaha campus. They provide college courses, workshops, employment consultations, and a food pantry for those in need.

Midland University

The Reentry Code Academy program aims to teach individuals transferable skills marketable for junior developer employment that allows participants to attain a living wage after release. In addition to providing participants with education, the program also focuses on developing interpersonal skills to help job prospects and to maintain jobs upon hiring.

Persevere

Persevere offers a holistic, comprehensive program of evidence-based practices including technology-based job training, career readiness instruction and support, wraparound case management, job placement, and long-term reentry support to help justice-impacted individuals develop meaningful job skills, gain access to the labor market, and succeed in quality jobs in the technology industry.

Project Reset

Project Reset is a nonprofit organization focused on increasing the qualified workforce in the state of Nebraska at the Nebraska Center for Workforce Development and Education. They support formerly incarcerated persons in gaining and maintaining trade employment as they work towards a designated trade apprentice status.

Opening Doors

Opening Doors is a program administered by the Center for People in Need. It provides comprehensive services and opportunities to support low-income, high-needs ex-offenders in prison and at the CFPIN facility in Lincoln. Services include courses or trainings, but focus on relational, cognitive, and technical skillsets.

Reconnect, Inc.

ReConnect, Inc. offers short courses that balance life skills and cognitive restructuring techniques with employment training to help clients reach their full potential. Located in Omaha, ReConnect hosts job fairs to connect clients, employers and provides pre-release services in correctional facilities.

RISE

RISE seeks to end cycles of incarceration by equipping currently and formerly incarcerated people with job readiness, reentry planning, and housing and employment pathways that help participants thrive in their communities.

Western Alternative Corrections, Inc. - Bristol Station

Bristol Station assists formerly incarcerated persons in transitioning into the community in a residential setting located in Hastings, NE. They provide opportunities of self-discovery and encourage participants to develop sustainable pro-social routines.

York University

York University is a private education institution that provides participants with education courses and prepares them for gainful employment using a spiritual approach to improve cognitive thinking skills and relationship skills. Participants earn college credit with slightly modified curricula from regular York courses.

Program Offering Participations Q3

VLS *Program offerings* were developed for each grantee so the evaluation may describe programming components. Each grantee provides different services; thus, each has a unique catalogue of offerings. Some participants only need one offering while others may receive multiple. The program offering status describes how participants are or have participated in programming.

Program offering participations for grant cycle five, quarter three (January 2024 – March 2024) are presented below. Program staff work with each participant to develop an individualized plan of programming unique to their needs. Many participants are involved in multiple program offerings at each program and some offerings available are not suitable for each participant. Some may only complete one program offering, while others may participate in multiple offerings either back-to-back or simultaneously.

A description of all funded program offerings is provided in Appendix A of this report. The variety in program offerings have changed over the years and will continue to change to meet the needs of the population. Therefore, some of the data presented will not match exactly with previous quarterly reports on program offerings.

Appendix A: Program Offering Descriptions

The following program offering descriptions provides information on different services offered in each program. Each area details the services provided, the benefit or result a participant can hope to get from completing the area, the duration of programming, and the locations the program area is offered. Not all program areas or services are always offered, and participants may not participate in all program areas during their programming. As each participant goes through programming differently based on their individual needs, these descriptions provide more insight into the program area participations reported. Program offerings are updated periodically to reflect what is currently offered.

Associated Builders and Contractors Program Offerings

- **Core (NCCER Curriculum)**
 - **Description:** The NCCER Core Curriculum is a prerequisite to all other Level 1 craft curriculums. The CORE curriculum includes Basic Safety, Introduction to Construction Math, Introduction to Hand Tools, Introduction to Power Tools, Introduction to Construction Drawings, Introduction to Basic Rigging, Basic Communication Skills, Basic Employability Skills, and Introduction to Material Handling.
 - **Benefit/Result:** Prerequisite/Certificate/Card
 - **Duration:** 12 weeks, 2 nights per week
 - **Location:** NSP, CCCL, CCCO, NCCW, TSCI, WEC, NCCW
- **OSHA 10 Hour Construction**
 - **Description:** This course provides the worker with an overview of the safety applications on a construction site and increases awareness and understanding of governmental regulations and applications to the trade practices. All certificates received are issued directly from the OSHA Training Institute Outreach Program and meet every application to the OSHA requirements currently in place.
 - **Benefit/Result:** Certificate/Card
 - **Duration:** 10 hours
 - **Location:** NSP, CCCL, NCCW, TSCI
- **OSHA 10 Hour General Industry**
 - **Description:** This training program is intended to provide entry-level general industry workers information about their rights, employer responsibilities, and how to file a complaint as well as how to identify, abate, avoid, and prevent job-related hazards on a job site. The training covers a variety of general industry safety and health hazards that a worker may encounter. Training emphasizes hazard identification, avoidance, control, and prevention. It also focuses on OSHA standards.
 - **Benefit/Result:** Certificate/Card
 - **Duration:** Ten hours
 - **Location:** NSP, CCCL, NCCW, TSCI
- **Construction Technology 1, 2, and 3**
 - **Description:** This curriculum will ground the trainee in the basic knowledge and principles of carpentry, masonry, concrete finishing, electrical work, HVAC, and plumbing. The person will

become skilled in different phases of a project from start to finish. Once completing this course, the trainee will be able to interpret construction drawings; perform quality concrete and brickwork; frame walls, ceilings, and floors of a structure; and install the proper wiring and piping for electrical, and plumbing systems.

- **Benefit/Result:** Certificate/Card
- **Duration:** 12 weeks per level, 2 nights per week
- **Location:** NSP, NCCW, TSCI

- **Applied Construction Math**
 - **Description:** Just seeing the word “math” strikes fear and frustration in the hearts and minds of many students. Teachers also understand that a math lesson gets the same reception as any other dreaded chore: “Eat your Brussel sprouts, take out the garbage, and learn your MATH.” Students and teachers must see the relevance in learning before they invest the time and commitment needed to master the subject. This book will help people understand the fundamentals of math in a way that is engaging, interesting, and relevant. This book’s unique and real-life approach will help people understand how learning and more importantly, understanding math will allow them to reach their personal goals as a student and craft professional.
 - **Benefit/Result:** Certificate
 - **Duration:** 10 weeks, 2 nights per week
 - **Location:** NSP, NCCW, TSCI, WEC, CCCL

- **Reality Works Virtual Welding (VW)**
 - **Description:** The VW provides all participants with knowledge of welding safety, basic welding, welding defects, and will give them the tools to make welding corrections. Sections include Welding Types, Careers, Welding Safety, Types of Welders, Welding Equipment, Welding Defects, Welding Basics, Welding Joints, and Welding Simulation.
 - **Benefit/Result:** Certificate
 - **Duration:** Ten weeks, two nights per week
 - **Location:** NCCW, ABC Lincoln Training Center

- **Reality Works Virtual Electrical (VE)**
 - **Description:** The VE provides students with general electrical wiring training as well as instruction on how to do proper household and commercial wiring. This program helps students to safely train their electrical wiring skills by providing repetitive practice as well as assessment exercises and introduces standard electrical symbols and theory in one portable, easy-to-use kit. The curriculum follows three lesson plans: Electrical Safety, Electrical Principles and Basic Electrical Wiring Skills.
 - **Benefit/Result:** Certificate
 - **Duration:** Eight weeks, two nights per week
 - **Location:** NCCW, WEC, ABC Lincoln Training Center

- **HVAC 1, 2, and 3**
 - **Description:** HVAC curriculum is a four-level program that will be taught during a four-year period. Each level will be 26 weeks, one day per week and two-and-a-half hours per day for a total of 80 hours. The increasing development of HVAC (heating and air-conditioning systems)

technology causes employers to recognize the importance of continuous education to keep up to speed on the latest equipment and skills. Hence, technical school training or apprenticeship programs often provide an advantage and a higher qualification for employment. NCCER's program has been designed by highly qualified subject matter experts with this in mind. The four levels North American Technician Excellence (NATE) recognized, present theoretical and practical skills essential to an individual's success as an HVAC installer or technician.

- **Benefit/Result:** Certificate/Card – ultimately earning license in the trade.
 - **Duration:** 1 year per level, 1 night per week
 - **Location:** ABC Training Centers
- **Electrical 1, 2, and 3**
 - **Description:** Electrical curriculum is a four-level program that will be taught during a 4-year period. Each level will be 26 weeks, one day per week and two-and-a-half hours per day for a total of 80 hours. Electricians install electrical systems in structures; they install wiring and other electrical components, such as circuit breaker panels, switches, and light fixtures. They follow blueprints, the National Electrical Code® and state and local codes. To prepare trainees for a career in the electrical field, NCCER offers a comprehensive, four-level Electrical curriculum that complies with DOL time-based standards for apprenticeship.
 - **Benefit/Result:** Certificate/Card – Ultimately earning license in the trade.
 - **Duration:** 1 year per level, 1 night per week
 - **Location:** ABC Training Centers
 - **Drywall**
 - **Description:** Drywall curriculum is a two-level program that is taught during a two-year period. Each level will be 26 weeks, one day per week and two-and-a-half hours per day for a total of 80 hours. Drywall applicators often install walls and ceilings, as well as place insulation, soundproofing, and fire-stopping materials behind and onto those walls and ceilings. They may also apply textures and trims to enhance both the interiors and exteriors of the buildings. The two-level curriculum for Drywall covers such subjects as Thermal and Moisture Protection, Steel Framing, and Acoustical Ceilings.
 - **Benefit/Result:** Certificate/Card
 - **Duration:** 1 year per level, 1 night per week
 - **Location:** ABC Training Centers
 - **Carpentry**
 - **Description:** Carpentry curriculum is a three-level program that is taught during a three-year period. Each level will be 26 weeks, one day per week and two-and-a-half hours per day for a total of 80 hours. Carpenters make up the largest building trades occupation in the industry and those with all-around skills are in high demand. Carpenters are involved in many kinds of construction activities, from building highways and bridges to installing kitchen cabinets. Carpenters construct, erect, install, and repair structures and fixtures made from wood and other materials. This four-level curriculum covers content such as Building Materials, Cabinet Fabrication, and Advanced Wall Systems.
 - **Benefit/Result:** Certificate/Card
 - **Duration:** 1 year per level, 1 night per week
 - **Location:** ABC Training Centers

- **Masonry**
 - **Description:** Masonry curriculum is a three-level program that is taught during a three-year period. Each level will be 26 weeks, one day per week and two-and-a-half hours per day for a total of 80 hours. The study of masonry is one of the world's oldest and most respected crafts. Masonry construction has existed for thousands of years. The remains of stone buildings date back 15,000 years, and the earliest manufactured bricks unearthed by archaeologists are more than 10,000 years old. These bricks were made of hand-shaped, dried mud. Among the most well-known works of masons are the pyramids of ancient Egypt and Notre Dame Cathedral in Paris. NCCER's three-level curriculum encompasses modules such as Mortar, Metalwork in Masonry, and Estimating.
 - **Benefit/Result:** Certificate/Card
 - **Duration:** 1 year per level, 1 night per week
 - **Location:** ABC Training Center
- **Plumbing 1, 2, and 3**
 - **Description:** Plumbing curriculum is a four-level program that will be taught during a four-year period. Each level will be 26 weeks, one day per week and two-and-a-half hours per day for a total of 80 hours. Most people are familiar with plumbers who come to their home to unclog a drain or install an appliance. In addition to these activities, plumbers install, maintain, and repair many different types of pipe systems. For example, some systems move water to a municipal water treatment plant and then to residential, commercial, and public buildings. Other systems dispose of waste, provide gas to stoves and furnaces, or supply air conditioning. Pipe systems in power plants carry the steam that powers huge turbines. Pipes are also used in manufacturing plants, such as wineries, to move material through production processes. NCCER's four-level curriculum covers topics such as Plumbing Tools, Types of Valves, and Potable Water Treatment.
 - **Benefit/Result:** Certificate/Card – and ultimately earning license in the trade.
 - **Duration:** 1 year per level, 1 night per week
 - **Location:** ABC Training Centers

Black Men United Program Offerings

- **Reentry Navigation**
 - **Description:** Black Men United supports justice-touched individuals by providing them a safe space to conduct job searches, take classes and work one on one with reentry navigators at the Kumani Restorative Justice Center. Specifically, the reentry work helps these individuals navigate the challenges of reintegrating back into their communities. It helps them find jobs, housing, transportation and connects them to other support providers. In addition, all Black Men United clients have access to food pantry, which provides food and basic care needs.
 - **Benefit/Result:** Vocational and basic needs support.
 - **Duration:** The duration of navigation depends on the needs of the individual. We classify short-term navigation as any support that is less than an hour. Long-term navigation is support that lasts more than an hour.
 - **Location:** Kumani Restorative Justice Center, 4200 N. 30th St. Omaha, NE 68111

Community Alliance Rehabilitation Services Program Offerings

- **Care Coordination**

- **Description:** Staff work with the client to create goals and a service plan. The plan aligns with the long-term and short-term goals of the individual, as well as the court or parole requirements. Staff aid with obtaining IDs and birth certificates as well as getting benefits like Medicaid and getting SSI/SSDI reinstated. Staff assist with connecting clients to community resources and coordinating Community Alliance re-entry services (housing, employment, peer support, groups, etc.). The Care Coordinator also assists in helping set up appointments and calling clients with reminders for on-site clinic services and important obligations in the community.
- **Benefit/Result:** Support and assistance with benefits and goals.
- **Duration:** Ongoing while receiving services at Community Alliance.
- **Certificate:** None
- **Location:** Community Alliance in Omaha, NE

- **Charting a New Course**
 - **Description:** This facilitator-led curriculum provides direction on intervention, diversion, and aftercare. It is also suited to the stages of change: relapse, pre-contemplation, contemplation, and determination/action.
 - **Benefit/Results:** Identify tactics, thinking errors, and responsible thinking.
 - **Duration:** 15 weeks
 - **Certificate:** Yes
 - **Location:** OCC and Community Alliance in Omaha, NE

- **Employment Assistance**
 - **Description:** Staff provide one-on-one assistance in finding employment. The participant is taught how to use a computer to search for jobs. For some participants, this means teaching the basics of using a computer to set up an email account, obtain documentation, and apply for jobs. Participants will learn how to create a resume and be taught interviewing skills. The employment specialist will also take participants to obtain appropriate clothing for interviews as well as assist in taking to job fairs. Employment assistance includes transportation by providing bus tickets or arranging alternative transportation.
 - **Benefit/Result:** Learn skills necessary to obtain gainful employment.
 - **Duration:** Ongoing while receiving services with Community Alliance.
 - **Certificate:** None
 - **Location:** Community Alliance in Omaha, NE

- **Financial Literacy**
 - **Description:** This course covers the following topics: understanding finances, budgeting, financial pitfalls, insurance, saving, credit and debit, taxes, and banks vs. credits unions.
 - **Benefit/Result:** Obtain knowledge on money management and responsibility.
 - **Duration:** 8 weeks.
 - **Certificate:** Yes
 - **Location:** Community Alliance in Omaha, NE.

- **Housing Assistance**
 - **Description:** Staff assist the individual in accessing parole-approved housing, including halfway house, three-quarter way house, and sober living housing as indicated by individual need. In addition, staff assist the individual in applying for housing voucher programs and other housing assistance programs for which they may be eligible to aid in accessing affordable housing,

paying deposits, and initial utility hook-ups. This offering helps link individuals to community resources that provide aid in obtaining furnishings, kitchen utensils, bath supplies, and other basics to setting up a residence.

ReConnect, Inc. Program Offerings

Pre-release Programming: Independent and In-Person Learning Formats

Independent Learning:

- ***Keep Educating Yourself to Success (KEYS) Part I and II –***
 - **Description:** KEYS I and II are designed to allow participants to work at their own pace. Each KEYS series consist of five core modules broken down into specific topics that address a range of life-skills and cognitive thinking skills to help participants grow their capacity to problem solve, make better decisions, and respond to the challenges of reentry through pro-social skills development. Participants earn a certificate upon completion of each of the 5 core Modules which includes written materials and worksheets. Participants may elect to complete one or all five modules per the KEYS series but must complete all five Modules of KEYS I before participating in KEYS II.
 - **Benefits:** KEYS is an independent learning program which allows participants to not only work at their own pace, but to participate in KEYS while also taking part in other programming without posing a conflict with their schedule. Also because of the independent nature of KEYS I and II, participants may continue to participate in programming during periods when programming has been suspended or participants may be under room restrictions.
 - **Duration:** Self-paced but must complete all five Modules of KEYS I before taking KEYS II
 - **Location:** RTC 1&2, NSP, TSCI, OCC, CCCL, (WEC and NCCW Pending)
- **Goals, Plans, and Strategies (GPS)**
 - **Description:** Like KEYS, GPS is offered in an independent- self- based format and was developed to complement KEYS as an introduction course or a follow up refresher. GPS is presented in two modules that are designed to help participants understand that life does not just happen and that every person is where they are in life based on choices they make (or choose not to make). Participants will be guided through exercises to identify where they are in life and how they got there to help participants understand the role and responsibilities they have over their life. Module two of GPS challenges participants to visualize what success looks like for them and how they will get there.

Participants will be asked to complete set at least one SMART goal that will help participant get closer to their vision of success.

- **Benefits:** Helps participants develop self-efficacy so they will hopefully understand they are more in control of their life than they may think. Also as an independent learning program, LIKE KEYS, GPS allows participants to not only work at their own pace, but to participate in programming while also taking other programming without posing a conflict with their schedule. Also because of the independent nature of GPS participants may continue to participate in programming during periods when programming has been suspended or participants may be under room restrictions.
- **Duration:** No time limit to complete but must complete both modules before receiving a certificate
- **Location:** Available to RTC 1&2, NSP, TSCI, OCC, CCCL, (WEC and NCCW Pending)

In-Person Pre-Release Programming:

- **Success Prep-**

- **Description:** Success Prep, ReConnect's Flagship and signature program is a five-week life-skills and reentry planning class that takes participants on an imaginary journey to reach reentry and life success. Each Module, along the journey, is developed to help participants explore fundamental skills that will grow their capacity and lead to transformational change and success. Participants are even challenged to change their perspective of how they view their incarceration by taking advantage of the opportunities incarceration gives them to work on themselves without distractions. Materials are presented in an easy to follow yet challenging format to get participants thinking and engaged in taking responsibility for mapping out their life to lead to success.
- **Benefits:** Helps participants reimagine their prison sentence and how to best serve their sentence to gain the benefits of incarceration as an opportunity to better themselves and plan for a successful reentry upon release. Also, the class helps individuals to challenge assumptions with interfere with pro-social thinking and behaviors. A certificate is issued upon completion of the class.
- **Duration:** 5 Weeks – must attend all five weeks to receive a certificate
- **Locations:** RTC, OCC, (Waiting to return to NSP, TSCI, CCCL)

- **Success Prep Bloom**

- **Description:** All of what Success Prep offers but is tailored to address the unique needs and challenges women face while incarcerated and during reentry.
- **Benefits:** Specially tailored toward women to help them develop skills and connect with resources to help them better prepare for reentry. A certificate is issued upon completion of the class.
- **Duration:** 5 weeks must attend all classes

- **Location:** CCCL and NCCW pending
- **Final Number- Stages of Change**

Description: A three-week pro-social thinking class that emphasizes change as the foundation for not returning to prison. The materials cover topics such as pro-social thinking, better decision making, and accepting responsibility and being accountable to themselves and society. The class is specifically developed for the young mind in terms of materials and duration which is why it's limited to NCYF.

 - **Benefits/Results:** Helps participants rethink their prison sentence through pro-social thinking and positive mindset ultimately leading to positive behavior while incarcerated and upon release.
 - **Duration:** Two weeks
 - **Location:** NCYF
- **Pass It On-** Currently on hold due to space and staffing issues at TSCI.
 - **Description:** An intense life-skills class and peer- mentoring class focusing on intra- personal development in the areas of resiliency, problem solving, intra and inter- personal communication. Unlike most programming including ReConnet's programming, Pass It On is specifically developed for men serving 15 or more years. The goal of the class is to help men who are serving long sentences to grow their capacity to impact the culture of prison in a positive way by taking what they have learned in the program and pass it on to others.
 - **Benefits-** Men serving long sentences will learn how to serve their prison sentence more productively to impact the culture of prison by taking what they learn in the class and passing it on to other through peer mentoring.
 - **Duration:** Five weeks
 - **Location:** TSCI only

Post Release Reentry Programming

- **Ready 4Work and Life- (Formerly Ready 4 Work)**

York University Program Offering

- **York College Associate of Arts Degree Plan:** The sequencing of the courses offered is intentional. The initial orientation course equips them with study skills, preparing them for the academic rigor that is to come. Subsequent semesters tend to provide one course related to a core skill (e.g. speaking, writing, mathematics) and one course designed to expand their general knowledge base (e.g. science, physiology, history). The final year includes a course designed to prepare them for job interviews.
