Course Information

This course is designed to provide a third supervised, individual professional learning experience offered within the setting of a social service agency in the student’s chosen concentration. This course builds upon opportunities provided and competence achieved in Advanced Social Work Practicum II.

Rationale/Overview  
The practicum experience consists of a series of courses which are characterized by individualized and experiential teaching and learning, offered within the setting of a social service agency and supervised by approved community practitioners. The courses, taken sequentially, are expected to facilitate learning experiences which are appropriate to the student’s educational level and needs, and supportive of classroom learning.
Student Learning Outcomes (SLOs)

As a result of this course, students will be able to…

2. Identify and explain how current advanced level social work knowledge and theories of human behavior and social systems apply to practice within the practicum setting.

3. Select, evaluate, and use appropriate intervention methods for bringing about change in individuals, families, groups, organizations, communities, and social policy.

4. Describe and apply knowledge of human diversity and culturally sensitive interventions with diverse individuals and populations across the life cycle.

6. Identify and apply methods for counteracting oppression, advocating for clients, and promoting social justice.

7. Demonstrate ability to work effectively in multi-disciplinary team settings using administrative, planning, and policy processes which are relevant to client issues, one’s own practice, services, and programs within the practicum setting.

8. Analyze, discuss and apply social work values, ethics and legal mandates as it applies to complex situations seen in the practicum setting and to the worker’s own professional development.

*The Insufficient Evidence (IE) rating may be used if the skill is not specified on the learning contract, if the student has not had the opportunity to perform the skill, or if the practicum instructor/supervisor has not observed sufficient evidence for rating the student’s performance of the skill. Students are evaluated on satisfactory completion of the learning tasks; more than one “IE” in each goal area could affect the student’s final grade. This rating also includes tasks that are not applicable to the practicum setting.*

**Writing Guidelines**

Always make sure your writing is free of grammar, punctuation, or spelling errors. Papers should adhere to the most recent citation style outlined by the American Psychological Association (APA).

**Plagiarism Statement**

In this course, you will submit written work in which you make use of information and ideas found in print or online sources. Whenever you use material from another writer, it is important that you quote or paraphrase appropriately and cite the source.

Never let it appear that ideas and information gleaned from other sources are your own. The UNO Academic Integrity policy defines plagiarism as "presenting the work of another as one's own (i.e., without proper acknowledgment of the source) and submitting academic work in whole or in part as one's own when such work has been prepared by another person or copied from another person."
Failure to cite sources appropriately is plagiarism, a serious academic offense. Plagiarized work will not be accepted. Consequences for plagiarism are up to the discretion of the instructor; they may range, for example, from rewriting all or part of a paper to a grade of F for the course. Students who plagiarize more than once are subject to disciplinary action, which may include expulsion from the university.

*Students SHOULD NOT GUESS when it comes to using or citing another writer’s work. Students should contact the instructor or a consultant at the UNO Writing Center with questions. Students should take a printout of the original source as well as the paper that is being written to the consultation.*

**Academic Integrity Policy**

The maintenance of academic honesty and integrity is a vital concern of the University community. Any student found responsible for violating the policy on Academic Integrity shall be subject to both academic and disciplinary sanctions. Violations of the policy on Academic Integrity include, but are not limited to, the following: cheating, fabrication and falsification, plagiarism, abuse of academic materials and/or equipment, complicity in academic dishonesty, falsifying grade reports, and/or misrepresentation to avoid academic work. More information about these areas and the procedures addressing academic integrity is available from the Office of Academic and Student Affairs.

**Student Handbook**

GASSW students are invited to read the student handbook which includes information on helpful people and resources at the GASSW and UNO, professional behavior for social workers, competency-based education, academic standards, academic behaviors and grades, review of student performance, and reinstatement and reapplication procedures.

**Netiquette**

Netiquette is a set of rules for acceptable online behavior. The following bullet points cover some basics to communicating online in this course:

- Be respectful of others’ views and opinions when responding to the introductory blog during Session 1. Be sensitive to cultural and linguistic backgrounds, as well as different political and religious beliefs.
- Don’t use all capital letters when composing your journal responses as this is considered “shouting”.
- Use academic tone when composing your responses in your journals unless instructed otherwise. This style of writing requires the use of correct grammar and spelling.
- Be careful when using acronyms in your assignments. If you use an acronym spell out its meaning first, then put the acronym in parentheses afterward.

**Technology Requirements**

Students will be expected to have access to a computer frequently, as all writing assignments used will be typed out and not handwritten. The software you use to write your assignments is irrelevant, as long as you follow my writing guidelines outlined later in my syllabus. I recommend to have access to a computer weekly. If you do not own a computer, there are computers accessible to you on the UNO campus. Consult the Web pages of Information Technology Services.
Technical Support

Technical support for common university systems, including Canvas and email, is available from Information Services Technical Support located in 104 Eppley Administration Building. The help desk may also be contacted via email to unohelpdesk@unomaha.edu or via phone at 402-554-4357.

Accessibility Accommodations

It is my goal that this class be an accessible and welcoming experience for all students. Reasonable accommodations are provided for students who are registered with Accessibility Services Center (ASC) and make their requests sufficiently in advance. Classroom Expectations

Students are expected to arrive on time to class meetings. I expect students to come to class well prepared, meaning readings and other assignments have been completed before class time. Students are expected to be respectful of their classmates and the instructor. Distracting and/or disrespectful behaviors will not be tolerated.

UNO’s Criss Library offers a wide variety of resources that support student learning. Subject specialist librarians have in-depth knowledge of researching within specific disciplines and can give you guidance specifically for your area of study. Student Handbook Cell Phones, Mobile Devices, Laptops

Students are welcome to use cell phones, mobile devices, and/or laptops in class provided they are used for academic purposes such as note taking, accessing course materials, or researching course concepts and their use does not disrupt fellow classmates. Please silence devices if at all possible. If you should receive a phone call or text, please step outside to respond. DO NOT take pictures or video during class.

Emergency Preparedness

The University of Nebraska at Omaha is prepared for a wide range of emergencies. Students should familiarize themselves with procedures and assistance available at https://www.unomaha.edu/emergency/index.php.

If travel to campus is not feasible due to a declared emergency, a combination of Canvas, teleconferencing, and other technologies will be used to facilitate academic continuity. I will notify students of procedures through Canvas course site announcements and email as appropriate.
Inclement Weather

In the event of inclement or threatening weather, students should use his/her best judgment regarding travel to and from campus. If you cannot get to class because of adverse weather conditions, contact me as soon as possible. Similarly, if I am unable to reach our class location, I will notify you of any cancellation or change as soon as possible (by approximately 1 hour before class starts and by posting an announcement to our course site in Canvas). If you cannot get to class because of weather conditions, I will make allowances relative to attendance policies as well as any scheduled tests, quizzes, or other assessments.

Preferred Name and Preferred Gender Pronouns

Professional courtesy and sensitivity are especially important with respect to individuals and topics dealing with differences of race, culture, religion, politics, sexual orientation, gender, gender variance, and nationalities. Class rosters are provided to the instructor with the student's legal name. I will gladly honor your request to address you by an alternate name or gender pronoun. Please advise me of this preference early in the semester so that I may make appropriate changes to my records.
