COURSE INFORMATION
Description
This is an advanced research course in the evaluation of social programs and social agencies which focuses on agency organizational structure, program design and effectiveness, and social impact.

Rationale/Overview
This advanced research course prepares students to lead and participate in all components of a program evaluation or needs assessment for a social welfare agency. After identifying and expressing the need for the program and the professional literature related to the program, students will prepare a logic model. Students will differentiate between process and outcome evaluation, while exploring ethics and knowledge surrounding research methodology such as choosing a measurement tool, and research and sampling design. Finally, students will conduct data analysis using Microsoft Excel and increase their skills in data visualization and reporting. The skill of writing useful recommendations in the context of the organizational structure is vitally important.

Course Objectives/Student Learning Outcomes
1. Collaborate with agency staff to complete a process evaluation and plan an outcome evaluation for a community agency.
2. Consider the role of professional literature in program evaluation.
3. Defend the role of ethics in program evaluation.
4. Assess qualitative and quantitative approaches in program evaluation and the appropriate use of evaluation research by policy makers, program administrators, and agency staff.

5. Consider factors of race, ethnicity, national origin, age, gender, sexual orientation, ability, socioeconomic, class, and religion/spirituality that affect program evaluation.

**WRITING GUIDELINES**

Students should make sure that writing assignments are free of grammar, punctuation, and spelling errors. Papers should adhere to the most recent citation style outlined by the American Psychological Association (APA).

**PLAGIARISM STATEMENT**

In this course, students will submit written work by making use of information and ideas found in print or online sources. Whenever material from another writer is used, it is important that students quote or paraphrase appropriately and cite the source.

The UNO Academic Integrity policy defines plagiarism as "presenting the work of another as one's own (i.e., without proper acknowledgment of the source) and submitting academic work in whole or in part as one's own when such work has been prepared by another person or copied from another person."

Failure to cite sources appropriately is plagiarism, a serious academic offense. Plagiarized work will not be accepted. Consequences for plagiarism are up to the discretion of the instructor; they may range, for example, from rewriting all or part of a paper to a grade of F for the course. Students who plagiarize more than once are subject to disciplinary action, which may include expulsion from the university.

**Students SHOULD NOT GUESS when it comes to using or citing another writer's work. Students should contact the instructor or a consultant at the UNO Writing Center with questions. Students should take a printout of the original source as well as the paper that is being written to the consultation.**

**ACADEMIC INTEGRITY POLICY**

The maintenance of academic honesty and integrity is a vital concern of the University community. Any student found responsible for violating the policy on Academic Integrity shall be subject to both academic and disciplinary sanctions. Violations of the policy on Academic Integrity include, but are not limited to, the following: cheating, fabrication and falsification, plagiarism, abuse of academic materials and/or equipment, complicity in academic dishonesty, falsifying grade reports, and/or misrepresentation to avoid academic work. More information about these areas and the procedures addressing academic integrity is available from the Office of Academic and Student Affairs (EAB 202 | 402.554.2262).

**CLASSROOM EXPECTATIONS**

Students are expected to arrive on time to class meetings. Students should come to class well prepared, meaning readings and other assignments have been completed. Students are expected to be respectful of their classmates and the instructor. Distracting and/or disrespectful behaviors will not be tolerated.
CELL PHONES, MOBILE DEVICES, AND LAPTOPS
Students are welcome to use cell phones, mobile devices, and/or laptops in class provided they are used for academic purposes such as note taking, accessing course materials, or researching course concepts and their use does not disrupt fellow classmates. Please silence devices if at all possible. A student who receives a phone call or text, should step outside the classroom to respond. DO NOT take pictures or video during class.

TECHNOLOGY REQUIREMENTS
Students will be expected to have access to a computer frequently, as all writing assignments used will be typed out and not handwritten. The software students use to write assignments is irrelevant, as long as the writing guidelines outlined in this syllabus are followed. It is recommended that students have access to a computer weekly. Public computers are available on the UNO campus. Consult Information Technology Services and the Criss Library, for more information on equipment locations and availability.

TECHNICAL SUPPORT
Technical support for common university systems, including Canvas and email, is available from Information Technology Services technical support located in Eppley Administration Building (EAB) 104.

ACCESSIBILITY ACCOMMODATIONS

EMERGENCY PREPAREDNESS
The University of Nebraska at Omaha is prepared for a wide range of emergencies. Students should familiarize themselves with procedures and assistance available on UNO’s emergency information page. If travel to campus is not feasible due to a declared emergency, a combination of Canvas, teleconferencing, and other technologies will be used to facilitate academic continuity. Students will be notified of procedures through Canvas course site announcements and email as appropriate.
INCLEMENT WEATHER
In the event of inclement or threatening weather, students should use his/her best judgment regarding travel to and from campus. Students who are not able to attend class due to adverse weather conditions, should contact the instructor as soon as possible. Similarly, if the instructor is unable to reach the class location, students will be notified of any cancellation or change as soon as possible (by approximately 1 hour before class starts and by posting an announcement in Canvas). Students who cannot get to class because of weather conditions, will be provided allowances relative to attendance policies as well as any scheduled tests, quizzes, or other assessments.

PREFERRED NAME AND PREFERRED GENDER PRONOUNS
Professional courtesy and sensitivity are especially important with respect to individuals and topics dealing with differences of race, culture, religion, politics, sexual orientation, gender, gender variance, and nationalities. Class rosters are provided to the instructor with the student's legal name. The instructor will gladly honor a student’s request to be addressed by an alternate name or gender pronoun.
