

## HAZARDOUS MATERIAL FACT SHEET Chemical Disposal

## **Basic Rules for Used Chemical Collection**

- Label containers "Chemical Waste" and list chemical contents.
- Use full chemical names (no abbreviations) and list all chemicals
- Choose collection containers that are in good condition, clean and that are **compatible** with the contents you will be adding (e.g., no acids in metal containers).
- DO NOT place incompatible chemicals in the same container.
- Keep used chemical collection containers **closed**, except when adding chemical.

- Store used chemical collection containers in secondary containment.
- Separate incompatible chemicals in storage, and store all used chemicals that are flammable in a flammable liquid storage cabinet.

## **Chemical Collection Tags**

When your container is full or you are no longer adding to it, please complete a Green Chemical Collection Tag. Complete the top half of the tag and secure the tag to the container. Follow the instructions below under Chemical Waste Pick-up Request.

## **Chemical Waste Pick-up Request**

Complete and submit the Chemical Waste Pick-up form online at:

https://www.unomaha.edu/environmental-health-and-safety/pick-ups/pickup-form.php

Please allow up to 5 working days for waste to be picked up for proper disposal.
