V. Officers' Reports

A. President’s Report:

1. Executive Committee and Administration meeting (September 18, 2002):

The Senate Executive Committee and members of the administration reviewed recent resolutions of the Faculty Senate. All the resolutions concern appointments to various committees, and there was little feedback on these resolutions.

Most of the meeting was taken up with a discussion of an open letter from Senator Sadlek and AAUP President Michael Peterson on the recent lay offs. Sadlek reviewed the reasons for the letter and the letter’s objectives. An open discussion of the text followed, and these comments were considered as the letter went through additional revisions. The letter was distributed on 9/23/02.

The Senate leadership also reported that the results of the Senate’s study on the success of Metro CC students in UNO’s entry-level math and English courses was discussed at the meeting of the Articulation Task Force on 9/16/02. As a result of this discussion,
the task force decided to sponsor discussions on transfer students between the faculty in the corresponding UNO and Metro math and English departments.

2. **Chancellor’s Council**: Vice President Bragg’s report of the September 19, 2002 meeting:

**REQUESTS:**

a. The Chancellor is trying to find some way to obtain faculty and staff input on how we might better proceed with future layoffs, etc. that will avoid repeating the difficulties of the past.

b. The Chancellor asked all to encourage attendance at this years Convocation.

**DISCUSSIONS:**

a. Layoffs: The first item of discussion at the meeting (before the request above) dealt with the fallout of the layoffs.

b. Collaborative Report: A collaborative report must be provided to the President on Monday, 23 September. Essentially, this is the report that is to indicate ways by which the university can collaborate between and among campuses to save money.

c. Budget for the next biennium was discussed.

d. There will be no Holiday Gala this year - it has been discontinued (budget cutting)

3. **President Smith’s meeting with 4 Faculty Senate Presidents**: September 19, 2002

Meeting of the Faculty Senates’ Presidents with President Smith and Provost Noren

The meeting opened with a discussion of the US Patriot Act. The question posed by President Smith was: How can we comply with this law and still preserve our academic freedoms?

The budget situation was discussed at length. The Governor has said that the most optimistic forecast calls for a 0%- increase in university funding for the biennium. Even with 0% increases in faculty and staff salaries, however, the university system’s fixed costs will rise $18 million per year. At this point, then, he is assuming a $20 million cut each year of the biennium.

President Smith said that university restructuring must continue. He wants to completely restructure the business operations on all four campuses, and to continue our attempts to restructure academic departments as well. He has asked the chancellors to look closely at schools of education and business. He has asked Faculty Senates to survey all courses and see which ones have not been offered in some time. These, in theory, should be eliminated.

Lobbying: Central Administration is putting together a package of talking points for
everyone. Administration would like more faculty and university employees to get involved in getting our message across to state legislators and to the public. There are currently marketing plans in the works to sell the value of the university to the state.

Finally, it looks like health insurance premiums are going up again. Nationally, health expenditures are rising at 11% or higher per year. We should find out what the increases will be in health insurance in about a month.

4. Senator Sadleck proposed reporting Senate business to UNO faculty by email newsletter. This would be a regular letter from the Faculty Senate President, not a website or hard copy. He envisions including a link to the Faculty Senate website.

B. **Secretary-Treasurer’s Report**: Senator Williams submitted the September 2002 budget report.

VI. **Executive Committee Report**: Senator Bragg moved the following:

A. BE IT RESOLVED that UNO students with established residency in the Iowa counties of Pottawattamie, Harrison and Mills should be treated as Nebraska residents for purposes of determination of tuition owed.

President Sadlek charged the Educational Resources and Services committee with investigating this further.

BE IT RESOLVED, that the senate president appoints the following senator to be the senate representative for a one year appointment, through 05/14/03, to the Academic Freedom Coalition of Nebraska (AFCON):

The motion passed.

VIII. Faculty Senate Ad Hoc Committee Report

A. **Budget Committee:** Senator Johnson reported that the committee discussed the importance of institutional memory from one year to the next. They are examining what other universities are doing, how the committee should be organized, etc.

IX. **Non-Senate Committee Reports**

B. **Alumni Association, Board of Directors:** Senator Sadlek read Senator Blair's report.

The Alumni Association will be surveying the alumni groups of UNO's peer institutions to learn about the range of their activities. Vice Chancellor Buck discussed several issues associated with the latest round of budget reductions. Senator Blair also attended the September 18 Alumni Association Roundtable with Omaha Mayor Fahey. The Mayor discussed several issues relating to UNO-City relations, including collaborations, road improvements, and campus access.

C. **American Association of University Professors (AAUP):** Senator O’Connell reported that the negotiating team has submitted a proposal to the UNO Administration and, if all goes as planned, that proposal will be submitted to the Board of Regents on October 11. It was also reported that two membership meetings will occur-- the UNO AAUP Chapter.
D. Graduate Council: Senator Lewis reported the minutes of Committee B (March 26, 2002) and Committee A (April 15, 2002).

E. Strategic Planning Steering Committee: Senator Garver reported

Professor Rebecca Morris convened the Sept. 25th meeting of the SPSC and reported on the organization and projected activities of the two Community Forums scheduled to be held at UNO in November 2002. Chancellor Nancy Belck presented a "strategic update" in which she emphasized long-term strategic advances as opposed to short-term tactical retreats by UNO. The next campus-wide "Strategic Advance" is scheduled to take place on November 15, 2002, with a view to following-up on the work of the "Strategic Advance" and the Community Forums held in May 2002. To date, little has been done to modify the hopes and expectations of May 2002 in light of UNO's continuing budgetary crisis and prospects for having to dismantle additional programs and lay-off more personnel. The SPSC meeting concluded as sub-committees (aka "task forces") met to discuss implementation and refinement of the SPSC's broad goals of improving teaching, scholarly & creative achievement, and community service.

X. Old Business:

A. There was discussion on Chancellor Belck's Open Letter of 09/27/02. President Sadlek is collecting e-mail feedback. Regarding the recent termination of UNO employees, the senate was reminded that this process had happened before, with the Audio Visual department, in the mid 1990s. The senate supported HR using UNO faculty expertise in the future, instead of calling an outside consultant on how to terminate employees. President Sadlek charged the Faculty Personnel and Welfare Committee with proposing a process HR can follow for future terminations, if any.

B. Senator Schulte reported on a Community Service project for the Faculty Senate. Habitat for Humanity is building a house at 3624 Redman. She passed around a sign-up sheet for the afternoon of Friday, October 25, 2002.

XI. New Business

A. There was discussion of the Patriot Act and its effect on academic freedom.

XII. The meeting was adjourned at 3:40 p.m.
