II. Senator Sadlek officially called the meeting to order at 2:35 p.m.

IV. The October 9, 2002, minutes were approved as submitted.

V. Officers Reports

A. President’s Report: Senator Sadlek reported on the following:

1. Executive Committee and Administration met on October 2, 2002. Resolutions 2644, 2647-49, were approved with little comment. Resolution 2645, on memorials for faculty members, was sent back to the Senate for reconsideration. They suggested that a minute and a half would be sufficient for the pealing of the campanile bells. Resolution 2600 was reviewed and this time it was accepted. The changes to the web version of the undergraduate catalog will be made immediately by VC Hodgson. Changes in the print version of the catalog will have to wait for next year. The meeting concluded with a presentation by Ed Bogard on energy management at UNO. Student demonstrators recently have made the argument that UNO should reduce energy usage to meet further budget cuts.

2. Chancellor’s Council met on October 17, 2002. The meeting opened with a roundtable discussion of the recent student protests. There was a general discussion of the process for 2003-2005 budget reductions. The Chancellor briefed the Council on what specifically was involved in President Smith’s prediction of a $20 million per year
increase in fixed costs. The Chancellor also addressed the question of tuition increases. Rod Oberle gave a presentation on changes to the current NU health insurance policies and another moderate increase in premiums.

3. Board of Regents met on Friday, October 11, 2002, at Varner Hall. President Smith gave a “State of the University” report. During the regular business meeting a report was given by Professor Neal Topp of our Dept. of Teacher Education outlining how the UNO College of Education and the Millard School District had teamed up to experiment with using Palm Pilots in the elementary classroom. The second report was given on the EDU on-line assessment system which was developed by Dr. John Orr of the UNL Mathematics Dept., for Web-based evaluation. An acquisition by gift of land adjacent to the Allwine Prairie Preserve to form the Glacier Creek Prairie Preserve was approved.

4. Senator Sadlek attended the Governance Conference American Association of University Professors. The theme of the conference was the need for faculty and administrators to work together for effective decision making. A secondary focus was on faculty governance at historically black colleges and universities. One subject that was stressed were Faculty Handbooks.

5. Bell Tower Challenge: Senator Sadlek commended Senators N. Bacon, and Blair for helping to stack the cans, Senator Metal-Corbin, and Senate Coordinator Sue Bishop for supporting the team during the event, and all those who donated cans of food. B. Senator Bragg moved the following which was amended and now reads:

Resolution 2650, 11/13/02: Regarding Funding for Programs of Excellence during 2003-2005 biennium:

WHEREAS the state budget continues to be in grave financial difficulty, and

WHEREAS 80% of UNO’s budget is in Academic Affairs, and

WHEREAS the university thus faces the prospect of further cuts in faculty lines of
non-prioritized programs, and

WHEREAS faculty in non-prioritized programs are just as essential to the well being of the full university curriculum as those in prioritized programs, and

WHEREAS increasing the extraordinary funding for Programs of Excellence is a worthy goal when appropriate state resources are available, but

WHEREAS the proposed increase in the funding for Programs of Excellence for the 2003-2005 biennium ($3,000,000) would threaten approximately 50 NU faculty lines in essential non-prioritized programs,

BE IT RESOLVED that should the budget remain flat or be cut in the 2003-2005 biennium the UNO Faculty Senate strongly recommends to the Board of Regents that funding for Programs of Excellence not be increased during.

The amended resolution passed.

VII. Standing Committee Reports

A. Committee on Academic and Curricular Affairs: Senator N. Bacon reported on the meeting held on October 30, 2002. Those present were N. Bacon, Williams, Krause, Latchaw. They discussed the implications of eliminating “remedial” or developmental courses and directing students to seek instruction at community colleges. Senator Neathery-Castro will also review all of the resolutions the ACA proposed during AY 2001-02 to see whether there is a need to further follow-up to achieve implementation of new academic policies.

B. Committee on Educational Resources and Services: On behalf of Senator Dickson, Senator O’Connell reported the meeting was held on October 30, 2002. Senators Wolcott and Smallwood will meet with Campus Security to discuss the apparent lack of consistent security policy/plan for the campus regarding new student IDs, a problem brought the committee’s attention by Chris Allen. Senator Bragg will explore what it takes to create an endowed scholarship. Senator O’Connell reported on the AAUP negotiations regarding department Chair search procedures. Regarding the Serials Issues Colloquium, Senator Dickson presented some information from SPARC, the Scholarly Publishing and Research Coalition. The committee, possibly with help from the Center for Faculty Development, decided to work on a seminar with a SPARC representative as the keynote speaker. Senator Schulte will talk to someone from Financial Aid to gather more information on tuition breaks/scholarships for Iowa students.

C. Committee on Faculty Personnel and Welfare: The committee was charged with discussing and composing a resolution regarding termination procedures at UNO. Senator Johnson moved the following:

Resolution 2651, 11/13/02, Regarding Reduction in Spending, Decision Making, and Termination Procedures:
WHEREAS, the recent state appropriation cuts made it necessary for the university to cut its expenditures, and

WHEREAS, the university terminated 19 staff employees to reduce expenditures, and

WHEREAS, UNO faculty and staff generally felt a lack of input into the decision making process, and input that was given appeared to be ignored, and

WHEREAS the procedures used by the university focused on the potential security risks created by disgruntled employees and that the procedures implied a lack of trust and excessive use of security personnel.

BE IT RESOLVED, that the administration meaningfully involve faculty and staff leaders in a future reduction decision making, and

BE IT FURTHER RESOLVED, that the administration, in consultation with faculty and staff leaders, develop termination procedures that are sensitive to the issues of timing and the manner of notifying employees. Furthermore that such procedures express appreciation for service to UNO and avoid the use of security personnel.

The motion passed.

D. **Committee on Goals and Directions**: Senator Garver reported the committee met on October 16, 2002. They discussed the need of the UNO Library to cooperate more extensively with Love Library at UNL and other libraries in the NU system. They also discussed trying to improve the coordination of the long-range planning of the UNO Faculty Senate with the “strategic goals” developed by on-campus faculty-staff “strategic advances” and also by “community forums.” Many faculty members are concerned that “strategic advances” have sometimes served as means to bypass campus-wide representative bodies in the formulation and articulation of long-range goals and policies. While “strategic advances” serve UNO well by bringing faculty, staff, and administrators together to discuss mutual interests and to define mutual goals, with few exceptions, the UNO employees who attend each “advance” are either administratively appointed or self-selected. Senator Garver, representing the Faculty Senate, attended the October 23rd Strategic Planning Steering Committee meeting, at which plans were completed for the November 22nd “strategic advance” and the two November “community forums.” The forums will provide no opportunity for faculty members or representatives of the Faculty Senate to participate in discussions with the community leaders who have been invited to attend each forum. The committee is of the opinion that the best way for faculty members to influence future “strategic advances” is to ask to participate in them.

E. **Committee on Rules**: Senator Littrell moved the following:

1. **Resolution 2652, 11/13/2002, Professional Conduct Committee** (Ballot vote
BE IT RESOLVED, that in accordance with Section 1.1 of the University of Nebraska at Omaha Professional Conduct Committee’s Rules and Procedures, the following two nominees (all tenured faculty ranked assistant professor or above) are brought forward by the Committee on Rules for ballot election by the full senate as follows: Kathleen Danielson (elected) Graham Mitenko

Karen Falconer-Al-Hindi will continue serving as alternate (replacing William Tapprich) for three-years from October 16, 2002, through October 15, 2005, per Resolution 2416.
