Uncovering and Mitigating Unconscious Bias in the University Experience

THURSDAY, FEBRUARY 21, 2019 | 4:30 – 7:00 P.M. | CEC 230

Highlights of this interactive presentation, workshop and dialogue include:

- A brief explanation of what unconscious bias is, how we all have it and how it develops. There’s no shame in having unconscious bias as long as we work to become aware of our personal and organizational biases and take steps to insure they don’t influence career impacting decisions.

- We specifically are going to explore the effects of unconscious bias in:
  - The Recruitment Process
  - The Hiring Process (selection committees)
  - Tenure Track Decisions
  - Retention and Promotion
  - Family Leave (workload concerns)
  - Leadership Track (the process of how to get there)
  - Gendered Job Expectations and Resulting Financial Implications
  - Pay Equity

Your presence and participation is crucial as we hope to develop some action plans based on the outcome of this session.
