Dr. Cynthia Ganote will lead an interactive workshop for CEC staff, graduate assistants, community partners, and students where key concepts associated with microaggression will be defined and discussed. Microresistance strategies will be highlighted with activities used to demonstrate how to apply these strategies in community engagement.

By the end of this workshop, participants will be able to identify how microaggressions and bias could occur in community engagement spaces and practice responses.

Sponsored by the Barbara Weitz Community Engagement Center, the Center for Faculty Excellence, and the Service Learning Academy.
